To Our Moyer & Sons Friends,

During these unique times with updates on COVID 19 preparedness changing each day, Moyer & Sons Moving & Storage have taken some important steps to try and stay ahead of the virus while remaining open.

- Our warehouses in Clarksburg and Elkridge have changed all visits to be by appointment only; this policy change includes any clients stopping by for the gently used box program.
- Our warehouses have undergone a vigorous cleaning and will be on a daily cleaning routine.
- Following the CDC guidelines, we have capped our moving teams to 5 people or less and have added a few steps to our practice of cleaning the trucks daily.
- Our moving teams themselves, are vigilant on maintaining personal hygienic with 20 second hand washing regiments before, during, and after each move. When possible, the movers will try and keep 6 feet way from our clients.
- We implemented a staggered arrival and departure warehouse time schedule for our team to keep the number of people at each location to a minimum.
- All employees of Moyer & Sons and our affiliates have been instructed to remain home if they feel under the weather for any reason and will follow the CDC guidelines to “self-quarantine”.
- Effective immediately all estimates for moving will be performed via virtual process (ex. FaceTime/ Skype) so our sales team never have to enter a client’s home or business. Thus reducing daily client to Moyer & Sons in-person contact

The updates have been fluid since this all started, and Moyer & Sons will keep up with any changes as they come.

If you have any questions, please do not hesitate to call or email us.

Thank you for trusting Moyer & Sons Moving & Storage with your relocations for the past 51 years, we are appreciative of your business and each of you for becoming part of the Moyer community. With all sincerity we hope everyone stays health and safe during this time.

Regards,

*Moyer & Sons Moving & Storage*
