

God and the Pandemic

8/23/2020

How has the Pandemic affected the way Christians act and react?

If God works through people, how are the people chosen today? Can we sign people up? Nominate them with prayer??

What are some practical ways we can be servants to our community in this time?

Can you talk about the role of others and community in our ability to deal with suffering?

Thank you for reminding us to be where are hands are in this challenging time and Life in general. How do you actually practice patience? Prayer? Giving??

Where are noticing God and God's presence today?

What are some practical ways to "put a towel over our arms" in our community right now?

How do you practice acknowledging God's presence?

How do you overcome the fear

If Christ knows what it's like to suffer why would he allow it? Wouldn't it be easier if he had ignorance of suffering as an excuse?

How does God empower his people to meet the needs of those who don't fall under the umbrella of God followers?
