VISION:

New Vision Charter School is a public school of choice committed to transforming talents to strengths, ideas to actions, and beliefs to character through a creative and challenging learning environment.

MISSION

New Vision Charter School will challenge, encourage, and empower students every day to persevere on their journey to be lifelong learners.

School Hours:

Please visit school website for start and end times for the K-3 campus and 4-8 Campus

Office Hours:

7:45 AM – 4:15 PM
Monday - Friday

Administration

Executive Director: Timothy Bishop
K-3 Principal: Mary Baker
4-8 Principal: Marian Hejl
Assistant Principal: Todd Bissell
Finance Director: Pat Sweat

Board of Directors

President: Richard Daley
President Elect: Brian Hamill
Vice-President: Teddy Ezzell
Secretary: Amanda McDonald
Treasurer: Heather Loeb
Member-at-large: Matt Braggins
Community Member-at-large: Open Position

About New Vision

New Vision Charter School is the first public school of choice located in the city of Loveland, Colorado. Founded by a group of parents in 2004, New Vision's charter was approved by the Thompson School District in 2005, with ground being broken for the new building by the end of that year. Our doors opened in August 2006 with 336 students, Kindergarten through 6th grade. Seventh grade was added the 2007-2008 school year and eighth grade in the 2008-2009 school year.

VISION:

New Vision Charter School is a public school of choice committed to transforming talents to strengths, ideas to actions, and beliefs to character through a creative and challenging learning environment.

MISSION

New Vision Charter School will challenge, encourage, and empower students every day to persevere on their journey to be lifelong learners.

OUR GOVERNANCE

New Vision is governed by a Board of Directors, which includes parents of children attending the school, as well as community members. The Board of Directors meets monthly; meeting notices and agendas are posted in the school lobby and on the website (www.newvisioncharterschool.org). Board of Directors meetings are open to the public. Parents are encouraged to attend and offer input during the public participation time available at all meetings.

OUR PHILOSOPHY

New Vision is committed to the Core Knowledge Sequence curriculum to promote academic achievement of students. In addition, students are taught age-appropriate character education as well as technology, physical education and Spanish language instruction.

Academics/Curriculum CORE KNOWLEDGE

New Vision is part of a growing network of schools using the Core Knowledge Sequence® curriculum. These schools are experiencing a great deal of success, as measured by standardized tests and student enjoyment of learning. Core Knowledge is based on ideas presented by E.D Hirsch, Jr., in his books *Cultural Literacy: What Every American Needs to*

Know and *The Schools We Need and Why We Don't Have Them*, and further developed by the foundation established in 1986. The curriculum covers language arts, history and geography, mathematics, science, visual arts, and music. The Core Knowledge Sequence embraces the logical concept of Core Knowledge by association with the four S's:

Sequenced: Core Knowledge instruction is sequenced because children, as well as adults, learn by building on what they already know.

Specific: Core Knowledge is specific. By clearly specifying important knowledge, the Core Knowledge Sequence presents a practical answer to, "What do our children know?"

Solid: The content found in the Core Knowledge Sequence is part of a lasting body of knowledge.

Shared: At New Vision, it is our goal to provide all children, regardless of background, with the shared knowledge they need to be included in the national conversation of ideas.

In addition to the Hirsch books mentioned above, listed below are some resources for understanding and accessing the Core Knowledge curriculum. (Books can be found on Amazon.com, as well as at major bookstores).

- www.coreknowledge.org
- <http://www.ckcolorado.org>
- *The Core Knowledge Sequence: Content Guidelines for Grades K-8*
- *What Your Kindergartener Needs to Know* (series continues for each grade)

COLORADO STATE STANDARDS

In addition to the Core Knowledge curriculum, New Vision also aligns the curriculum to the Colorado State Standards. We strive to meet state expectations for instructional content at each grade level in Reading, Writing and Math and Science. The Colorado State Standards may be referenced at [Colorado State Standards](#).

EUREKA/MOBYMAX MATH (Grades K-5)

Eureka Math—also known as EngageNY—is a curriculum that carefully sequences the mathematical progressions into expertly crafted modules. Eureka provides educators with a comprehensive curriculum, in-depth professional development, books, and support materials. *Eureka Math* was written by a team of teachers and mathematicians who took great care to present mathematics in a logical progression. This coherent approach allows

teachers to know what incoming students already have learned and ensures that students are prepared for what comes next. When implemented faithfully, *Eureka Math* will dramatically reduce gaps in student learning, instill persistence in problem solving, and prepare students to understand advanced math. *Eureka Math* was developed specifically to meet the new standards.

Eureka Math connects math to the real world in ways that take the fear out of math and build student confidence—helping students achieve true understanding lesson by lesson and year after year. *Eureka Math* builds students’ knowledge logically and thoroughly to help them achieve deep understanding. While this approach is unfamiliar to those of us who grew up memorizing mathematical facts and formulas, it has been tested and proven to be the most successful method in the world.

MobyMax Moby Learning includes 27 complete subjects covering all grades between kindergarten and eighth grade. Judges awarded us two 2017 CODiE awards for best differentiated learning and best early learning software in recognition of the depth and quality of our curriculum.

COLLEGE PREPARATORY MATH (CPM) (Grades 6-8)

CPM began as a grant-funded mathematics project in 1989 to write textbooks to help students understand mathematics and support teachers who use these materials. CPM Educational Program is now a nonprofit educational consortium of middle and high school teachers and university professors that offers a complete mathematics program for grades 6 through 12 (Calculus) designed to engage all students in learning mathematics through problem solving, reasoning, and communication. Informed by research our CCSS-aligned curriculum builds upon 25 years of experience writing problem-based, student-centered curriculum embedding the mathematical practices within lessons focused on big ideas and mathematical connections. Learning strategies and pedagogy are research based. To learn more about CPM visit <http://cpm.org/about-cpm>.

READING AND ENGLISH, LANGUAGE ARTS (ELA)

NVCS uses a balanced literacy approach to teaching reading. Reading comprehension, writing, and word work are taught every day in grades K-5 using the Core Knowledge Language Arts (CKLA) to teach reading and Language Arts. At the middle school level students receive education in reading and ELA for a specified number of minutes each week in grades 6-8 due to the block schedule. Our K-8 classrooms teach Core Knowledge literature and poetry as defined in the Core Knowledge Sequence. Teachers also use leveled readers from a variety of vendors suited for Guided Reading Instruction to tie into the Core Knowledge curriculum. To learn more about the literature taught at each grade level, please review the curriculum maps on the school’s website under the “about” curriculum tab. A comprehensive list is also available in the Core Knowledge Sequence.

WRITING

NVCS teachers teach writing in a Writer’s Workshop format. In the Writer’s Workshop, mini-lessons are taught on a variety of skills and topics at a variety of levels. The mini-lessons allow teachers to provide support to many different writers. In addition, teachers conduct individual conferences with students on a regular basis. The one-on-one conferencing between the teacher and student is geared toward the concepts that the student needs. The curriculums of “Step Up to Writing” and “Six Traits” are utilized during the Writer’s Workshop. Also, in accordance with the Core Knowledge Sequence and the Colorado State Standards, each grade level of students is required to write specific focused pieces and complete them through publication.

To learn more about the focused writing pieces for each grade level, please review the teacher’s curriculum map on the school’s website.

SPANISH

TPRS (Teaching Proficiency through Reading and Storytelling) is a method for teaching foreign language that was created by Blaine Ray, a Spanish teacher in Bakersfield, California in 1990. Concerned that his students were disinterested in the unexciting process of learning a language from a textbook, he began to use James Asher’s Total Physical Response to teach Spanish. By incorporating Dr. Stephen Krashen’s language acquisition strategies of storytelling, dramatic role playing, reading in the target language

and being read to, with James Asher's TPR, Ray developed an all-encompassing methodology. This method allows ample time for students to hear and internalize language structures before being made to produce the language.

All students are required to take Spanish other than the half-day Kindergarten students. Students in grades 7-8 may elect to take advanced courses in Spanish.

MUSIC

Music experiences and the study of music are an important component of our curriculum sequence and daily schedule. Our music program consists of music history, theory, and music performance. Our music curriculum is sequenced and aligned according to grade level progression with an emphasis on band and choir performance in grades 6-8.

PHYSICAL EDUCATION

Opportunities and experiences in the area of physical education are an important element in physical well-being of our students. Awareness of physical health, as well as exposure to activities related to physical development and skills are key priorities for our PE program.

ART

Our art program is an essential component of our core curriculum and sequence. Through our art classes, students develop an appreciation of the visual arts, and knowledge of art history and artists. Our curriculum is designed to provide students a rich knowledge of art, as well as practical skills and development of talents in the area of visual arts. Students are also given opportunities to demonstrate their skills at "art shows" and exhibits for our school community.

MIDDLE SCHOOL ELECTIVES/SPECIALS (ENCORE CLASSES)

New Vision Charter School believes that students should be provided with a comprehensive educational experience that includes the Arts as well as opportunities to explore individual talents as they become young adults.

The electives and requirements are distributed to families at the end of the school year prior for the upcoming academic year. Questions regarding the electives or specials being offered at each trimester

should be directed to the school counselor. Electives are subject to change at any given time.

HOMEWORK

The purpose of homework is to allow students extra practice and/or to finish class assignments. It is expected that classroom teachers will assign homework that allows students these opportunities. We expect that homework should be about ten minutes per grade level per evening. The suggested amount of time is provided as a guideline and is not intended to be an absolute. For example, major projects may require more time than the maximum amount. Students work at different paces and the time spent toward completion of a task varies. If a child is taking much more time than seems reasonable on a consistent basis, the teacher should be contacted to discuss the problem.

We encourage parents to:

- provide a time and place free from distraction for the student to work.
- monitor student work and provide additional support as needed.
- communicate concerns and work closely with the teachers.

Independent Reading (IR) is an expectation as part of homework at every grade level.

ACADEMIC DISHONESTY

Academic dishonesty is against New Vision Charter School's as well as the school community standards and will not be tolerated. Academic dishonesty is defined as: cheating, plagiarism or otherwise obtaining grades under false pretenses. Plagiarism is defined as submitting the language, ideas, thoughts or work of another as one's own or assisting in the act of plagiarism by allowing one's work to be used in this fashion. Cheating is defined as (1) obtaining or providing unauthorized information during an examination through verbal, visual or unauthorized use of books, notes, text, electronic devices and other materials; (2) obtaining or providing information concerning all or part of an examination prior to that examination; (3) taking an examination for another student, or arranging for another person to take an exam in one's place; (4) altering or changing test answers after test is submitted for grading, changing grades after

- Copying homework assignments.
- Cheating on quizzes or exams including sharing answers with students in other sections of the course, including information in written assignments without proper citations.

Any incidents of any type of academic dishonesty will result in a student receiving an F or zero for the assignment and/or course. Disciplinary Action may include suspension.

TESTING

New Vision Charter School shall participate fully in State of Colorado mandated testing programs. While the state of Colorado provides the option to "opt out" of CMAS, every student enrolled at NVCS shall be encouraged to take these state summative tests. Any student wishing to "opt out" of state testing must meet with administration and sign the "opt out" form prior to their testing window. Any student who does not have a signed form, must participate in testing. During testing sessions, no alternative instruction will be offered to students who chose not to participate.

The NVCS Administration shall be responsible for scheduling, disseminating, and collecting tests and for reporting and interpreting all group test results.

All students shall be required to participate in school-initiated assessments. Assessment testing shall be initiated to:

1. Give students the opportunity to demonstrate their skill and knowledge.
2. Provide reliable information on student and school performance.
3. Allow achievement concerns to be addressed promptly so that instructional modifications can be initiated accordingly.

GRADING, TEACHER CONFERENCES AND REPORT CARDS

It is essential to monitor the progress of students throughout the school year, specifically within each quarter. Students' grades and reports of progress reflect individual and mastery performance as compared to grade level standards and expectations. Grade level expectations are prescribed through our core curriculum, as well as aligning with Colorado Academic Standards.

Regular updates in Infinite Campus are made weekly by teachers. Parents can always find updated grades using this system. Parent conferences are also a great way to learn about each student's performance on key benchmarks throughout the school year. Parent conferences are conducted during established schedules within our academic calendar, or may be scheduled at any time throughout the school year as needed, either at the teacher's discretion or by parent request.

PARENT PORTAL (Infinite Campus)

The Thompson School District generates an invitation email for parents to sign up for Infinite Campus – Parent Portal. If you no longer have that email or need help setting up your Infinite Campus login and password, **please contact the Infinite Campus Support Center at 970-613-5102.**

Infinite Campus Parent Portal is a tool that provides real-time, secure online access to a student's pertinent school information such as grades, assignments, and attendance. The district and individual schools determine what information is available on the Portal, and reserve the right to change availability of information with notice. Portal also allows parents/guardians to select options for receiving communication from the school.

All assignments and grades are posted in Infinite Campus. Teachers update their gradebooks each week to reflect up-to-date grades in Infinite Campus. In

Middle School, weekly team meetings are held to discuss students on the D and F lists and parents are notified of chronic missing grades or excessive absences that impact student performance.

CHARACTER EDUCATION

New Vision places a high value on Character Education. It teaches children the habits of thought and deed that help people live and work together as families, neighbors, communities and as a nation. Throughout history, character education has been the shared responsibility of parents, teachers and members of the community who come together to support positive character development. By modeling exemplary character traits and reinforcing positive citizen attributes, attitudes and actions are developed that are the hallmark of safe, healthy and informed communities that serve as the foundation of our society. New Vision participates in the nationally recognized Character Counts program which promotes the development of six pillars of character: trustworthiness, respect, responsibility, fairness, caring and citizenship. The Positive Behavior Intervention and Support program (PBIS) and Second Step (both listed below) are additional programs that support the Character Counts program.

How are PBIS, Second Step, and Character Counts aligned?

All three programs help students develop skills, understand, value, and act on core ethical values.

CHARACTER COUNTS

This program helps students learn social skills, problem solving, and conflict resolution. By giving students clear behavior expectations and appropriate and effective tools, they learn to treat each other with kindness and respect. The Character Counts program is an integral part of New Vision's mission. It also promotes the development of exemplary citizens and a school that is safe, collaborative, positive and inclusive. Every day, New Vision students and staff recite the following Nighthawk pledge:

As a member of the Nighthawk family I will be:

Trustworthy

Respectful

Responsible

Fair

Caring and an outstanding

Citizen

We are **TeRRiFiC!!**

More information about the Character Counts program is available at www.charactercounts.org

POSITIVE BEHAVIOR INTERVENTION SUPPORT (PBIS)

What is PBIS?

Positive Behavior Intervention Support (PBIS) is a school wide approach to preventing and responding to school and classroom behavior. PBIS is used at New Vision in the elementary and the middle school, as well as at more than 13,000 schools across the country.

How does it work?

In the program, positive behaviors are frequently rewarded preferably with non-food items by school staff, while negative behaviors are consistently addressed with logical consequences. PBIS aims to reduce the number of referrals or suspensions and enables educators to be more active and consistent in addressing behavior problems that do arise. Students are taught expectations of how to act responsibly and appropriately in places such as the hallways, restrooms, lunchroom, playground, and during assemblies. The outcome is positive behavior and a school environment that is conducive to learning.

SECOND STEP

The Second Step program is grounded in the integration of social learning, social information processing, and cognitive-behavior theory. Concepts and strategies from these frameworks constitute aggressive behavior and promote positive social behaviors: empathy, problem-solving skills, and anger management. Research on the Second Step program indicates that teaching these core competencies, combined with practicing specific skills, can prevent problematic behavior patterns.

Key areas which are emphasized in the K-8 program:

- Bullying prevention
- Empathy and communication
- Emotion management
- Problem-solving and decision-making
- Impulse control
- Goal setting
- Violence prevention
- Substance abuse prevention

How is *Second Step* implemented?

In *Second Step* lessons, students study and discuss core ethical values such as fairness, honesty, compassion, responsibility, respect, and self-discipline. The curriculum's foundation rests on three essential social competencies: empathy, impulse control and problem solving, and anger management. The lessons provide opportunities for students to develop core values through developmentally appropriate modeling, reinforcement, and practice.

The *Second Step* curriculum helps develop students' critical thinking, emotional intelligence, and corresponding social skills, thus addressing the "head, heart, and hand" of character development. Every *Second Step* lesson is built around a story depicting an everyday situation that students might encounter in their lives. Class discussion of stories is followed by teacher modeling of pro-social behavior and student skill practice. Students learn empathy skills, such as caring and helping behaviors; communication skills, such as active listening; social problem-solving skills; and skills for managing and communicating emotions.

The problem-solving model teaches students to evaluate solutions based on safety, fairness, others' feelings, and workability. All of these skills combined help students understand, value, and act on core ethical values.

SUPPORT SERVICES

INDIVIDUAL EDUCATION AND 504 PLANS

NVCS complies with all Federal, State, and District requirements regarding at-risk students. NVCS also complies with the Individuals with Disabilities Education Act (IDEA) regulations, Section 504 of the Rehabilitation Act of 1973, and Title 11 of the Americans with Disabilities Act. Students with disabilities will be provided with the necessary materials, equipment, and mandated services necessary to ensure that their learning is maximized. Wherever possible, they will be fully integrated into the school's programs.

All students with disabilities attending NVCS will be identified and serviced within the limits of the NVCS charter with the Thompson School District. NVCS will endeavor to offer an inclusion program for all students with disabilities. NVCS will comply with all mandated requirements as dictated in a student's Individualized Education Plan (IEP) for any student who enrolls in

NVCS with preexisting disability requirements. NVCS partners with Thompson School District to provide student supports for students who qualify for Exceptional Student Services. The district will be responsible for ensuring the provision of the required special education programs and services, including the development of IEPs and the handling of administrative proceedings, as well as providing any specialized services students may require that fall into the mild and moderate range of service. NVCS staff will assist in identifying and referring students for assessment of special education needs, developing IEPs, maintaining records, and assisting in the delivery of special education instruction and services as appropriate.

READ PLANS

Through the use of CMAS tests and other measurements of progress, NVCS adheres to the Colorado READ Act requirements. NVCS develops Individual Literacy Plans based on statistically-significant gaps that are determined through the use of this data for remediation planning. Any student who is performing one grade level below their current grade in reading is placed on a READ plan in accordance with the Colorado READ Act. For more information on the READ act, please click on the following link: [READ Act Fact Sheet](#):

GIFTED AND TALENTED – ADVANCED LEARNING PLANS

The Colorado Department of Education's definition of Gifted and Talented children is: "Gifted and talented children" refers to those persons between the ages of five and twenty-one whose abilities, talents, and potential for accomplishment are so exceptional or developmentally advanced that they require special provisions to meet their educational programming needs. Children under five who are gifted may also be provided with early childhood special educational services. Gifted students include gifted students with disabilities (i.e. twice exceptional) and students with exceptional abilities or potential from all socio-economic and ethnic cultural populations. Gifted students are capable of high performance, exceptional production, or exceptional learning behavior by virtue of any or a combination of these areas of giftedness:

- General or specific intellectual ability.
- Specific academic aptitude.
- Creative or productive thinking.

- Leadership abilities.
- Visual arts, performing arts, musical or psychomotor abilities.

New Vision Charter School assesses all students in Grades 2-7 using the CoGAT assessment as a screen for identifying students with exceptional abilities. GT staff also uses other testing data to identify students who need further testing for identification in grades K-8th. Students who are identified as Academically Gifted (per state and district guidelines) may receive additional support services through various means including, but not limited to: the push-in model, teacher support and mentoring, differentiation and a pull out model. Identified gifted students will be pretested per unit to determine their current knowledge and may be offered alternate work if they show mastery. The GT teacher will work closely with the classroom teacher in consultation regarding specialized learning projects tied to the current curriculum, and for the adaptation of instruction to meet the specific needs of the GT students within the regular classroom environment. Acceleration, (including subject and/or grade acceleration) of curriculum balanced with depth of knowledge in the content areas is the main priority for GT students at New Vision Charter School. All students who are formally identified as Gifted and Talented are required by state law to have an Advanced Learning Plan (ALP) that is created by the GT Teacher, classroom teacher/s, student (if appropriate) and his/her parents. Advanced Learning Plans detail the type of challenges that will be required for each individual gifted student in order to reach his/her full potential for that school year. The Advance Learning Plan is updated yearly in the fall.

THOMPSON SCHOOL PLANS (TSP) and Multi-Tiered System of Supports (MTSS)

Multi-Tiered System of Supports is a multi-tier approach to the early identification and support of students with learning and behavior needs. The MTSS process begins with high-quality instruction and universal screening of all children in the general education classroom. Struggling learners are provided with interventions at increasing levels of intensity to accelerate their rate of learning. These services may be provided by a variety of personnel, including general education teachers, special educators, and specialists. Progress is closely monitored to assess both the learning rate and level of performance of individual students. Educational decisions about the intensity and

duration of interventions are based on individual student response to instruction.

At New Vision Charter School, we create Multi-Tiered System of Supports Plans for any student who requires additional or specified academic or behavioral interventions in order to be a successful student at NVCS. **Parents are expected to attend all Multi-Tiered Systems of Support (MTSS) meetings** in regards to Thompson School Plans that are put into place for their child. We believe that parental input and feedback is critical to the overall success of all students and especially for students who might be struggling either behaviorally or academically.

General School Policies and Procedures

ATTENDANCE/TARDINESS

Regular attendance is essential to a student's success in school. Most subjects are taught in sequence and require the understanding of each concept in order of presentation. Absences and tardiness create a genuine hardship to a student's learning. For the updated attendance policy please visit: www.newvisioncharterschool.org

Pre-arranged absences should be facilitated through the school office with a note or phone call (970)-593-6827. For extended pre-arranged absences, prior arrangements must be made with and approved by the principal. If approved, arrangements for completion of missed work must be made. Please be mindful of school hours and the school calendar when planning appointments, family events, and vacations.

Excused absences are for illness, injury, and emergency/special circumstances. When a student is absent from school, please call and inform the school before 8:10AM of the day of the absence. ***To report an absence outside the office hours of 7:45AM – 4PM, please dial 4, which is the attendance line, and leave a message.*** The information needed is parent name, student name, grade, and the reason for absence. State compulsory attendance law requires a close monitoring and reporting of excessive absences of a student. **To get a full description of what is considered an excused absence please visit:** www.newvisioncharterschool.org

Unexcused absences are absences that do not meet the above criteria. Unexcused absences are in direct conflict with attendance requirements and will be documented in Infinite Campus. If a student is frequently absent, school administrators will contact parents by letter. If absences persist, a solution-focused conference will be held with the parent/guardian. If the student's attendance does not show dramatic improvement a conference with the administrative team will be held to discuss next steps.

Tardiness

The first bell rings at 7:50 a.m. Students may enter the building at this time and organize their belongings and prepare for the day. The second bell rings at 8:00 a.m. Instruction begins promptly at this time. ***Students are considered tardy if they are not in their assigned seat and prepared for the day when the second bell rings.*** Students arriving after the second bell, must check-in at the front office and receive a tardy slip to present to their teacher. Students who are excessively tardy may be assigned lunch detention to make up for lost instructional time. If a student is frequently tardy, school administration will contact parents by letter. If tardiness persists, a solution-based conference will be held with the administration and parent/guardian.

Check in-Check out

It is our goal to maintain a safe environment for our students, including checking in and checking out students. A student may check into New Vision without the presence of his or her parent/guardian. However, **if a student is checking out, a parent/guardian must be present to sign the student out at the school office before the student will be released.** A student will not be released from school to anyone other than the legal guardian or designated adult by the parent/guardian on the emergency form. Students will be checked-out of class when the parent/guardian arrives. Check-in and check-out must be handled at the front office only.

Make-up work

Make-up work is only allowed for students who have "excused" absences. The classroom teacher will provide the student or the parent/guardian with any make-up work upon request. Students will have two days to make up work for the first day of their absence, and one day for each day following. For example, if a student misses two (2) days, they will have three (3) days to complete the assignments they missed. The

request for make-up work is the responsibility of the student.

Eligibility for Outside Activities /Extracurricular Activities /Athletics

In order for students to participate in activities outside of class, they must be eligible.

Eligible students:

Have no Fs in any class

Do not have 2 or more D's in any class

Do not have 3 or more office referrals (for dances) in a quarter, an office referral on the week of the event (sports), and have not had any out of school suspensions (dances and sports).

Communication

The New Vision family can expect communications from the front office and administration through email, the website (which is updated regularly), and through materials sent home with students every Thursday. Special communications may also be sent home with the student on days other than Thursday. The Nighthawk News is also sent home weekly via email with important events, dates, and activities.

Our goal is to provide timely information to our students and families. We strive to maintain effective communications with our parent community on a weekly basis, or daily when necessary. Parents are encouraged to contact the school office with questions or concerns (970-593-6827). Parents may sign up for Infinite Campus – Parent Portal to check their child's attendance, grades, and assignments. Sign up information is available through the school office. When signing up, parents/guardians may choose how they prefer to be informed.

Discipline

NVCS adheres to Thompson School District approved discipline policies. Parents/guardians have access to the Discipline Code Book through the Thompson School District website at www.thompsonschoools.org. Select Resources>Parents>Discipline Code. It is the parents/guardians responsibility to review this document with their child.

Dress Code – Policy [JICA](#)

Please refer to Policy JICA on the New Vision Charter School Website.

Drop off and Pick up procedures

The safety of our children is of the utmost importance. New Vision strives to always make the school environment safe and efficient. As a result, New Vision utilizes a pick up program called **Driveline**. This program coordinates a rapid student release process while maintaining safety and order. Students are released in a safe, quick and orderly fashion. If a student is not picked up by 4 p.m., the office will attempt to reach the parents and/or the student's emergency contacts. If the office does not have success in reaching anyone, the student will be asked to wait outside for parents to come pick them up.

Morning Drop-Off

- 1) All traffic enters the one-way drive east of the Boys and Girls Club building, utilizing the right turn lane. Vehicles should NOT enter the parking lot on the west side of the school building during morning drop off.
- 2) The traffic proceeds around the facility to the unloading area along the curb of the main NVCS building.
- 3) All vehicles must drive as far forward along the curb in front of the school as possible before they drop off their child(ren).
- 4) The Drop Off Zone where students can be safely unloaded is directly in front of the school, next to the black safety fence that lines the playground. Please do not drop students off anywhere other than the Drop Off Zone.
- 5) Students should always exit the vehicle from the passenger side of the vehicle to ensure they are not in the road, or walking around vehicles.

After School Pick-up (by vehicle)

- 1) Every vehicle must have a vehicle number placard which is available through the school office. This number is placed on the rear view mirror of the pick-up vehicle. If more than one vehicle is used for pickup, additional copies of the number may be requested.
- 2) All traffic enters the one-way drive east of the Boys and Girls Club building, utilizing the right turn lane. Vehicles should not enter the parking lot through the west side of the school.
- 3) Vehicle numbers are entered into our drive-line system as vehicles proceed through the east entrance.

- 4) The teacher and students receive the message on the electronic whiteboard in the student's classroom and the student is released to a holding area when called by the office.
- 5) All cars are funneled into two lines and are grouped in the order they arrive.
- 6) Parents are asked to please remove their vehicle ID once all their child(ren) are loaded in their vehicle. Removal of the placard signals to the school personnel in the loading zone that everyone is loaded in the vehicle.
- 7) The cars are released and must exit out of the parking lot onto First Street making a right (east) turn. The next group moves forward to the loading zone.
- 8) For communication purposes and safety, parents MUST refrain from using their cell phone in the loading zone.

After School Pick-up (Walkers/Bikers/Scooters, Skateboards)

- 1) Students who walk or ride their bicycle, scooter, or skateboard are released at the west door near the basketball courts. If a parent is walking home with their child, they must present their number ID placard.
- 2) Bikes, scooters, skateboards are not to be ridden on school property during school hours from 7:30-4:00 pm. They should be dismounted and walked or carried while on school property.

In order for this process to run smoothly...

- 1) Parents should not drop their children off or pick up their children on 1st Street. Vehicles should slow down and yield at the cross walk for pedestrians.
- 2) Please do not make a U-turn on 1st. We kindly ask parents/guardians to take the extra 2 minutes and use the round-about which is located one mile east of the school.
- 3) If a student needs to be picked up early, they should be picked up before 3:10 p.m.
- 4) Please avoid using the private property of the Brookstone Apartments parking lot across the street from New Vision. Help us to be good neighbors.
- 5) For pick up, parents should always use the pick-up line and not park in the parking lot and come into the school to pick up their child.

- 6) Vehicles should not park in the parking spots by the basketball courts during drop off and pick up times unless approved by the school administration to do so
- 7) Parents should avoid using their cell phone or reading during drive.

Additional Guidelines/Recommendations

- Due to the fact that we provide supervision at 7:30AM each morning, parents are encouraged to consider drop-off times between 7:30-7:45AM to stagger traffic volume. Likewise, parents are encouraged to stagger pick-up times from 3:30-3:45PM. This will assist with reducing high volume during the dismissal time.
- Parents are encouraged to establish carpool arrangements.
- Late arriving students must check in at the office and receive a tardy slip before proceeding to the classroom.

Drugs, Alcohol, Weapons, and Tobacco

New Vision adheres to all TSD-approved policies. There are no drugs, alcohol, weapons or tobacco allowed on NVCS property or in student vehicles at any time. Please see policies GBED, JICH-R, JICDA and JICH for further information. All policies are available on New Vision’s website.

Field trips

New Vision recognizes that learning experiences extend beyond the classroom setting. As a result, school sponsored off-campus and overnight field trips are organized by teachers to enrich the students’ educational experience.

Many of our field trips require transportation on a Thompson School District bus. Most field trips also require a small fee to cover transportation and admission expenses. In addition, all field trips require a permission form signed by a parent or legal guardian to allow a student to participate.

It has been a tradition at New Vision for our fifth graders to participate in an overnight Outdoor Education program. The purpose of this type of trip is to create a strong class community through team-building and confidence boosting activities.

Parent chaperones are usually needed on Field Trips and are encouraged to participate. Parents should contact their child’s teacher if they are interested.

Parents must register in VITAL (the volunteer management system) prior to volunteering.

Emergency Procedures

Our NVCS Safety Committee has adopted a prescribed set of emergency procedures in the event that measures are required to ensure the safety of our students. Our Safety Committee has worked in partnership with local fire and police departments to develop the most effective and desirable procedures for our school. These procedures have been adopted for incidents, such as fire drills and evacuation, “lockdowns” for the entire building for exterior and interior threats, and relocation of our students in case of evacuation requirements and demands. Our relocation procedures include a partnership with the church to the east of New Vision when an immediate temporary location is needed. Regularly scheduled drills are conducted on school grounds to ensure adequate preparation of our procedures. In addition to our emergency procedures, we regularly monitor our overall procedures to ensure safety for our students during before and after school procedures, including street signs, crosswalks, and the provision of a crossing guard and traffic patterns during dismissal times.

Fees

Instructional Materials Fees for the 2019-20 academic year are \$50 for all students, with a \$100 cap per for families who have two or more children attending New Vision Charter School. The fees are collected to offset the expenses for grade level classroom materials and for the curriculum areas of Art, Music, Spanish, and Physical Education. The funds help support the schools commitment to the Core Knowledge curriculum by providing essential classroom materials. Athletic fees are \$75.00 per sport.

Free and Reduced Lunch

Families who qualify for free and reduced lunch need to get all necessary paperwork filled out and completed to the front office before receiving benefits from this program. Please reference Thompson School District Policy [EFC-R](#). In order to receive free and reduced benefits families will need to complete the Free and Reduced Application, get approved through Thompson School District and bring their documented approval form to the New Vision front office.

Student acceptable internet, network and email use agreement

Students and parents are required to read and sign the Internet, Network and Email Use Agreement. Please refer to *Appendix A* located in the back of this handbook.

Cell phone and electronic devices

Cell phones, smart watches, and electronic devices (with the exception of e-readers as defined below) are prohibited for student use in the building from 7:50-4:00. If on campus before or after these hours, devices may not be used in a manner which is potentially unsafe or illegal or otherwise might violate the safety and privacy guidelines for students. Cell phones in use during the school day will result in confiscation of the device by the classroom teacher. The classroom teacher will turn the cell phone into the front office and administration will address the issue with the student and the parent, as needed.

Prohibited uses include but are not limited to:

1. Using the device to create video or audio recordings of students and/or staff, without permission of the student and/or staff member;
2. Using the device to take photographs of students and/or staff, without permission of the student and/or staff member;
3. Using the device for academic dishonesty or cheating;
4. Using the device in any manner that disrupts the academic environment, or otherwise disrupts school activities or functions;
5. Using the device to send, receive or possess text or e-mail messages reasonably interpreted as indecent, inappropriate or sexually suggestive while at school, on school transportation, or at a school-related function;
6. Using the device to threaten, harass, intimidate, or bully;
7. Departing a class to activate or operate such devices.

Depending upon the nature and the severity of the violation, as determined by school administration, any violation of the "Student Use of Cell Phones and Other Personal Electronic Devices" code of conduct may result in disciplinary sanctions up to and including expulsion from school.

E-Readers

E-Readers may be used during teacher directed reading times only. Before a device will be allowed for use in the classroom, students must have an e-reader agreement signed by their parents and presented to the

classroom teacher. Agreements are available through the classroom teacher upon parent and student request. Smart Phones are not appropriate reading devices and therefore are not allowed as e-readers. ANY device found to be used for gaming, surfing, or is found in violation of the above cell phone and electronic device guidelines, will result in confiscation of the device by the classroom teacher. The classroom teacher will turn the device into the front office and Administration will address the issue with the child and parents as needed.

Cafeteria Meals

NVCS uses Thompson School District's Nutrition Services to provide breakfast and lunch meals in conjunction with our Healthy School Initiative. NVCS and TSD believe "healthy food choices provide our children with a foundation for wellness, education, and future success."

Thompson School District's Nutrition Service

- Two Registered Dietitians create the breakfast & lunch menus
- Every meal is served with fresh fruit & vegetables
- Colorado grown skim and 1% milk is provided at every meal which is rbST- and hormone-free.
- Whole grains are used for meals including bread, rice or pasta
- Fried foods or foods containing trans-fat are not served

Visit the Cafeteria tab on the NVCS website for links to monthly menus, Online Payment Instructions, and the Free and Reduced Meal Application. As part of the National School Lunch and Breakfast programs, NVCS offers meals free or at reduced price for those families who qualify. Only one application is required per family, every year. Every family is encouraged to complete and return an application, which is usually available in early August.

Classroom parties

Scheduled parties will begin the last 45 minutes of the day. Birthday parties are considered short breaks and do not fall into the classroom party category. Those parents who do not wish their students to participate in classroom parties should make arrangements for their child to be picked up prior to the party.

Snack Food and Food for Celebrations

NVCS promotes a healthy lifestyle by encouraging healthy eating and activity. This is encouraged by providing opportunities to be active and eat healthy. With this in mind, *NVCS does allow sweet treats at school parties or for birthday treats. Parents must have approval of treats by the classroom teacher before bringing or sending treats to school.* Teachers will present the expectations for acceptable food items at the Check In/Back-to-School day in August or on their classroom webpage.

There are many healthy alternatives to sweets for school parties. Examples include fruit with yogurt dip, vegetables with dip, popcorn, cheese and whole grain crackers. There are more suggestions on the NVCS school website under the Wellness tab. Examples of alternatives to food treats are: extra recess, donating a book to the class, or pencils for classmates.

Food guidelines

New Vision Charter School values the health and safety of the entire student body. Due to the prevalence of peanut/tree nut or other allergens at New Vision Charter School, the following guidelines for consumption of these products have been created.

- For specific allergies, classrooms will have a designated area for the consumption such as peanut/tree nut products.
- After food consumption, desktops and tabletops will be cleaned thoroughly with soapy water.
- During lunch periods, an allergy safe table will be provided in the cafeteria.
- All students will wash their hands before recess and/or returning to the general classroom area.
- During nutrition breaks (snacks), all foods will be screened for peanut/tree nuts and/or other allergens if needed.
- If food is brought for a classroom celebration, it must be in a prepackaged container with the ingredients listed. The list will be screened for peanut/tree nut products or allergens, as necessary. No homemade foods will be allowed.

Please note: Foods that contain peanut/tree nuts will not be allowed for classroom celebrations (general consumption). Foods that are processed in an environment where there may be potential contact with peanut/tree nut products will not be allowed.

If a parent has a student that has a severe allergy which requires an accommodation at school, the parent should immediately notify the school administration.

Health Policies

Thompson R2-J, in accordance with Colorado State Law, has enacted the following Medication Policy:

All prescription medication must be dispensed from the health office by a person who has been delegated by the school nurse to do so. Medication must be in an appropriate pharmacy labeled container.

Permission for Medication Form must be completed and include:

- Health care provider signature, including dispensing information.
- Parent signature. (Completed Permission for Medication Forms faxed from the health care provider care provider will be accepted). Over-the-counter medication given in the health office must be treated like a prescription medication.

Students in middle and high school may carry prescription inhalers on their person and administer as needed; however, they must have a completed Permission for Medication Form on file in the health office. Students in elementary school must have written permission from a health care provider to carry prescription inhalers on their person.

Students are allowed to carry over-the-counter medication (Tylenol, Advil, Tums, etc.) if they have it in the original container, carry only one days' worth, and have a signed and dated note from the parent on their person. The student must self-administer this medication.

We encourage parents to bring medication into the health office. No medication will be sent home with a student. Once a medication has been discontinued or at the end of the school year, the parent must come to the Health Office to pick up the unused portion of medication. All medication that remains in the Health Office after school is out will be destroyed. Students with individualized health care needs will be referred to the District R.N. in order to set up an individualized health care plan. Please call the NVCS Health Office for further details.

Conditions of Short Term Exclusions and Absences (Colorado Department of Health and Environment)

The following are some common health conditions in which a student will not be allowed to attend school (less common conditions are not listed.)

Fever: Temperature greater than 100 F. Temperature must be back to normal for 24 hours prior to return to school

General Illness: with or without fever, along with changes in behavior and/or the student looks and acts sick. The

Health department defines general illness as a student who is not able to participate comfortably in his/her usual activities or if the student has persistent crying or requires more care than school personnel are able to provide.

Diarrhea: Until resolved and includes times when stools are so loose they can't be contained in a diaper or controlled by the child.

Signs of possible severe illness (for example persistent crying, extreme irritability, uncontrolled coughing, difficulty breathing, wheezing, lethargy)

Vomiting: when this occurs and is accompanied by symptoms of illness, is the result of a health injury, or if the vomit appears green or bloody.

Rash: When there is rash with a fever or behavior change or until the origin of the rash has been deemed by the physician to be non-contagious in nature.

Infectious conjunctivitis: (pink-eye) with discharge, until 24 hours after treatment is started.

Impetigo: until 24 hours after treatment is started.

Strep throat, scarlet fever, or other strep infection-until 24 hours after treatment started and the child no longer has a fever.

Chicken Pox: Until all sores have crusted over.

Oral herpes: (if the child is drooling or the lesions cannot be covered) until lesions heal.

Flu symptoms: fever (100°), sore throat, cough, runny nose, body aches, vomiting or diarrhea. Stay home from school for at least days or until symptoms are gone for 24 hours, whichever is longer.

Public concerns and complaints – Policy KE/KE-R

The Board of Directors welcomes constructive criticism whenever it is motivated by a sincere desire to improve the quality of the educational program or to equip the school to do its task more effectively. Please

refer to Policy KE and Procedure KE-R on the New Vision Charter School website for more information.

Pets at school

Because of allergies, hygiene and safety, animals are not allowed on school grounds (with the exception of service animals).

Gum at School: NVCS is a gum free campus

We are a gum free campus. Students are not allowed to have gum at NVCS. This helps us keep our campus clean and sanitary.

PTO

The purpose of New Vision PTO is to support and enhance the education of the children at NVCS by fostering a spirit of cooperation and promoting open communication between families, staff, and the Board of Directors of the school. To this end, the PTO promotes projects, events, programs, and fundraisers throughout the school year. Please visit the PTO section of www.newvisioncharterschool.org for meeting dates and times and more information

SCHOOL CLOSURE

Whenever in the judgment of the NVCS Principal, even if TSD schools are still open, it would be contrary to the safety and welfare of students to keep school open, the school shall be closed. The Principal shall institute procedures to return students to their homes safely and to notify parents/guardians about the emergency closing. Parents will be notified by email and can tune to AM radio 850 KOA and Channel 9 KUSA for closings.

When the TSD Superintendent announces that schools will be closed, New Vision will also be closed.

Parents/guardians, students, and staff members shall be informed early in each school year how they shall be notified in the event of emergency closing or dismissals.

SCHOOL SUPPLIES

A list of recommended school supplies students will need for the school year is posted on the website (www.newvisioncharterschool.org).

SCHOOL VISITS

New Vision parents and legal guardians are welcome to visit the school and take an active role in the

education of their children. Parents are always welcome visitors at the school. Such visits help give the children a feeling of security through knowing that there is cooperation between parents and teachers. Younger siblings are not permitted to visit the classroom. Arrangements to visit a classroom may be made by contacting the teacher to set up a convenient time.

All visitors/volunteers must check in at the school office (identification may be required) and pick up a visitor or volunteer badge upon entering the building and check out again at the school office when leaving. This procedure supports a safe environment for our staff and students and gives visiting parents instant recognition in the building.

Teachers may not conduct private conferences with parents during instructional time unless a prior arrangement with the teacher has been made. Due to liability, students are not allowed to bring visiting children, friends, or relatives to school with them without prior approval by the Principal.

STUDENT VALUABLES

Textbooks and other print resources are the property of NVCS and students are responsible for the care of their books. All books checked out to students are to be covered with an appropriate book cover. Damaged or lost books are the responsibility of the student to whom they were issued. Any book that is damaged or lost will be paid for by the student at full replacement cost. Under no circumstance should a student mark in a book belonging to the School.

New Vision Charter School is not responsible for ANY personal possessions that are brought on to campus. This includes, but is not limited to cell phones, bicycles, other personal electronic devices, purses, and clothing.

VOLUNTEERING

Volunteers strengthen the quality of education at New

Vision by sharing valuable time and knowledge. NVCS encourages and supports our partnership with parents and community members through volunteerism. All active volunteers in Thompson School District are required to register online and pass a criminal background check before volunteering at school or for a school activity, including field trips. Volunteers may register through the online VITAL link at <http://thompson.k12.co.us/>. If an individual is already registered with the District, they are not required to register again. Parents simply log in and add New Vision Charter School to the list of school they volunteer for.

Volunteers must wear a volunteer identification badge while volunteering.

There are numerous volunteer opportunities at New Vision such as completing tasks for the teachers from home, helping teachers in the classroom, assisting in fundraisers, participating in a committee, joining or attending board meeting, assisting with classroom parties, chaperoning a field trip, assisting in the lunchroom, etc.

There are also a variety of committees in which parents are encouraged to be involved. Some committees are short term and are formed for a specific task and once the task is accomplished, the committee is dissolved. Other committees are ongoing. Some of the ongoing committees are Curriculum, Finance, Safety, and the School Accountability. To receive more information, please contact the school at 593-NVCS.

APPENDIX B

STUDENT ACCEPTABLE TECHNOLOGY USE POLICY & AGREEMENT

****For full policy and agreement please visit <https://www.thompsonschoools.org/>****

Agreement:

I understand and will abide by the Board policy on Technology Use. I further understand that any violation of the regulations above is unethical and may constitute a criminal offense. Should I commit any violation, my access privileges may be revoked, and school disciplinary action and/or appropriate legal action may be taken.

Student User's Full Name:

Grade or Graduation Yr. _____

Student User's Signature: _____

Date: _____

Parent or Guardian: I hereby certify that I have read the Student Acceptable Technology Use Policy & Agreement and discussed it with my student. I understand that use of technology in the Thompson School District is meant for educational purposes only. Thompson School District has taken precautions to eliminate inappropriate material, and students will not access unfiltered materials. I also recognize it is impossible for Thompson School District to restrict access to all inappropriate materials, and I will not hold the district responsible for materials acquired on the network nor will I hold the school district responsible for any financial obligations arising from unauthorized use of technology. Further, I accept full responsibility for my child's technology use when not in a school setting, or when using personal technology devices while on or near school campus. Parent or Guardian's

Name: (Please Print):

Parent or Guardian's Signature (If user is under 18 years of age):

* If parents/guardians wish to opt their student out of using the second category of educational technology (Enhancing Technology), it is done so by separately writing to the student's school principal or the Executive Director of TSD Technology Services.
