

Dear Camp Hosanna Parents:

January 7, 2018

I am very pleased to announce that we have a new Camp Director. Lee Willis will be taking over those duties. She has been with NWCCC since 2016, teaching our four-year olds and has made her room the “place to be”! Lee also comes to camp with 14 years of summer camp experience.

She received her Child Development Associates degree from Columbus State. Lee is dedicated to setting the tone for an incredible camp experience for all campers. She understands the need for activities that enhance children in their physical and emotional development as well as socially and spiritually.

Lee is very excited about being in a camp environment again and carrying on some valued Camp Hosanna traditions. She understands that the friends you make at camp can last a lifetime!

Mekye Williams will be assisting her as well as working in the classrooms. We are in the process of looking at the best staff for camp next summer. Stay tuned for Ms. Lee’s updates. She has already been researching new field trips!

Bethany Nicholson,

Director, Northwest Christian Childcare
