

WELCOME TO CAMP HOSANNA 2021!

We are excited you have chosen Camp Hosanna for your child, not only for this summer, but for many summers to come. We look forward to welcoming you into our camp family.

As Camp Director, I believe that summer camp is a wonderful place for children to grow in so many areas, most importantly physically, spiritually, mentally and emotionally. I believe camp can help build a child's self-esteem, leadership skills, character and so much more.

New to Camp Hosanna: an outdoor basketball court, pavement games, weekly devotionals from Pastor Sam, new counselors, community service programs and some new field trips.

We are also phasing out Snack Shack. In addition to the daily PM snack, the campers will be provided with a snack at the pool. The pool snacks will include things like seasonal fruits, frozen treats and a full-size candy on Friday.

The Camp Hosanna Information Board will have a new location this summer. It will be located through the double doors by the front office area. We will also send out email alerts to camp families for all field trips and/or other camp events.

Thank you,

Miss Lee

Camp Hosanna Director
