# Weekly Camp Topics

**Spencer Learns Sports**

Your child will become professional athletes as they learn the rules and history of sports such as baseball, cricket, and many more. Every day encompasses a body warm up involving stretching and yoga, as well as fun games and activities simulating the wide world of sports. Children will be actively participating in learning and fitness!

**ArtBlast! Steam Camp**

Calling all boys and girls who have a creative, curious mind and like to explore! Learn about how Science is an inspiration for many artists. Boost your imagination while you play and paint with magnets, explore robotic sculptures and Technology. Develop your Engineering skills and design your dream house! Create Artistic Math puzzles and much more while you ignite your creativity. Join us on the Abrakadoodle® STEAM art venture and have a blast while you play games, make new friends and create art in innovative ways!

**Anatomy of Me**

The human body is an amazing machine! Discover what goes on underneath your skin through experiments, demonstrations, and crafts. FasTracKids will explore how medicine dissolves in our bodies, what digestion really looks like, and how our muscles and bones keep us together.

**Let's Go Camping!**

Let's have camping fun without leaving the art room! This art camp takes us to an imaginary world where we will hike, build a campfire, create a nature tapestry and learn about wild animals. We will learn all about camping by mapping our campground, designing our own camping trailer and "collecting" bugs in a jar. We'll use our imagination and explore painting, printing, collage, nature tapestry and other art media. We will have fun with camping games, creating cool art projects and making new friends—without real mosquitoes!

### **Going Green**

Green kids care about the environment, and we do, too! Abrakadoodle Green Kids create French Santon statues inspired by peasants from the Provence region of France. They'll produce CD art in the style of Piet Mondrian, Chilean Rain Sticks Each work of art is a masterpiece made with recycled materials that both decorate our world and help to constructively reuse and recycle materials in our environment.

### **Under the Sea**

Your child will dive deep into the ocean and become FasTracK Oceanographers. We will explore animal life and experience the wonders of the ocean through experiments and at projects. Where else can you learn dolphin calls or test the saltiness of the ocean water?

### **Build It!**

Kids are natural builders and this camp is all about building really cool stuff like large-scale sculptures, amazing structures, imaginative creatures, games and more. Kids work with a variety of tools and materials while combining wood, paint, glue, connectors, paper and kids' endless imaginations. Camp Build It encourages collaboration as well as the development of individual skills and brain power. Kids have fun while making new friends, developing skills and confidence, learning with the staff and making awesome projects!

### **Young Scientists, Old Bones**

Your child will become paleontologists as they explore the land of dinosaurs. Students will participate in a virtual archeological dig, where they will unearth fossils that tell the story about the awe-inspiring life of the dinosaur.

### Superdoodle

#### With Super Size, Superheros, and Super FUN

You're a kid! You're an artist! You're a SuperDoodler! Create super-sized drawings and masks! Imagine superheroes and your own superpowers! Make a paint super-mess and produce spectacular sculptures and paintings! Blast off with super space art and more! SuperDoodlers create nonstop super FUN in this super-duper camp!

### Paws,

### Claws and Hooves!

Calling all animal lovers! Bring your imagination and we will provide a ROAAAAARING camp experience! Make your favorite animals come to life using paints, collage, sculpture and more, while learning about animal habits and habitats. There will be cool artwork, games, stories, activities, animal talk and music. If you LOVE animals and nature, and want to make awesome art projects while making new friends too, then this is the camp for you. Whether it's a growl or a meow, it will be FUN!

### Destination Constellation

Your child will become a "FasTronaut" as they see learn how astronauts train, live and work away from Earth. Students will enjoy journeying throughout our solar system as they explore the stars, planets and other celestial bodies.

### Yummy Art

### Art that's good enough to eat

Get your spoon, paintbrush and chocolate syrup ready – we're going to create Art! From cupcake design to mosaics with food to chocolate syrup painting – it's all about the wonderful and wacky world of food art! We'll build spaghetti sculptures, learn about food artists such as Vic Muniz, and play "foodie" games. We'll even make our own incredible edibles!! (No peanut or peanut oils will be used.)

### **Awesome Earth Adventure**

The Earth reveals its wonder and variety as FasTrackKids explore climate, geology, and the amazing forces of nature. Learning Station based activities and games, as well as hands on experiments, allow children to take imaginary journeys examining the compositions of the Earth from its surface to its core.

### **Artist Studio**

Join Ana Paula in the FasTrack art studio and be inspired by the works of famous artists such as Van Gogh, Matisse and Picasso while creating unique pieces of art! Students will enjoy creating their own cartoon story, interacting with digital art on the Learning Station, making several sculptures and illustrating books.

### **Magnets, Molecules, and Mystery**

Your child will conduct experiments involving magnetism, flotation, and molecular change of matter. Looking at water in different forms, experimenting with buoyancy and even floating an egg, children will gain and understanding of the scientific observation process and analysis.

### **Ready, Set, Travel**

During this whirlwind tour of the world, FasTrackKids will travel through the amazing countries of India, Mexico, China, and Australia. Along the way, campers will taste the foods of each culture, experience and demonstrate cultural traditions and create artwork from each land...all without leaving the classroom!

### **Ready, Set, Travel 2**

All aboard the FasTrack Supersonic Exploring airplane! Azora and FasTrackKids will fly to different countries across the world while learning games, famous landmarks and delicious foods found in those countries. The countries that are explored are Italy, Brazil, Egypt and the USA. Visit the FasTrackkids International Expo at the end of the week.
