

# Personal Lawn Care, Inc.

P.O. Box 9, Brunswick, TN 38014 • TN CH# 173

PersonallawnCare.com

---

## What did PLC do today?

Today I performed the following service(s):

\_\_\_\_\_ Overseeded Fescue areas of the lawn. Applied fertilization for germination and establishment of new seeded areas.

\_\_\_\_\_ Applied Weed Control Touchup (as appropriate) in seeded areas. Please keep pets and children off sprayed areas until thoroughly dry, typically 1 hour.

---

### What to do Next

- Water new seeded areas **5 MINUTES THEN STOP.**
- **THE NEXT DAY** - Begin watering as needed to keep seeded areas moist—usually 10 to 15 minutes in each area daily.
- Fescue typically germinates in 7-14 days.
- Mow when the new grass is 3 inches tall.
- Mulch or blow leaves regularly this fall. Don't rake until new grass is well established.
- See our website for more info

### Payment Due Upon Receipt

Payment is due upon the completion of the application. We have multiple payment options. Our newest choice is a monthly payment feature! Online payments by credit card or electronic check are available on our website **[www.personallawnCare.com](http://www.personallawnCare.com)**. Check payments may be mailed to the address listed above.

Questions regarding your statement?
