

## Service Note

Round 5 Application

Technician Name: \_\_\_\_\_

Today, \_\_\_\_\_, we serviced your lawn with the following Round 5 application(s):

\_\_\_\_\_ Fall and Winter Pre-emerge and Weed Control (SP3): This application prevents germination of winter annual weeds and controls any emerged broadleaf weeds.

### What To Do Next

- Keep pets and people off of treated areas until dry – usually 1 hour.
- Wait up to 24-48 hours and (if it has not rained) water 15 to 30-minutes in each area. Watering moves the pre emergent into the soil.
- Mow as needed. If it hasn't rained, BE SURE you water before you mow! If watering is not possible, please MULCH clippings.
- REMEMBER: Lawns need about one inch of rainfall, or equivalent watering, per week. Please see our website for more info.

### Client Portal

View your account and make payments online. Just visit our website and click "My Account." To create an account, you will need your Client ID (found on your invoice) or call our office for assistance.

### Missed Appointments

A \$35 trip charge may be added to your application if we established a date/time for service and are unable to access your yard and complete the application. Ensure that your gate is unlocked and your pets are put away.

### Services Offered

Fertilization	Crape Myrtle Bark Scale Control
Fungus Control	Flower Beds Weed Control
Insect Control	Fescue Care and Fescue Overseeding
Weed Control	Lime Application
Soil Analysis	Shrub Care

### Touchup Policy

Weed control applications are warranted for 30-days after service.

Touch ups between applications are provided (if needed) at no charge for clients who have selected the PLC Preferred Service Plan. For clients with reduced service plans, touch ups requested after the 30-day warranty period will be available, but may be charged for the application.
