Colonoscopies Are Important!

Colon cancer is a very treatable disease if caught early. The US Prevention Services Task Force recommends that adults age 50-75 get screened for colorectal cancer. Those individuals that are at an increased risk due to having inflammatory bowel disease or a personal or family history of a colorectal polyp or colorectal cancer should get screened before age 50.

With early screening and testing, colon cancer is Preventable, Treatable, and Beatable! Schedule your colonoscopy with Dr. Brenda Kopriva by calling Tracy at 626-3211 ext. 206.

Dermatology Update

Rawlins County Health Center has provided Dermatology through Asarch Dermatology with Dr. Tanya Riddle since October 2018. Asarch Dermatology is looking to partner with another dermatology company and during this time will not be able to provide services in Kansas. Asarch Dermatology and Dr. Tanya Riddle are hoping to see patients again in the next 3-6 months. If you have any questions regarding this, please call Kim Sramek @ 626-3211 ext. 334.

Provider's Day, March 30th!

Help us thank all of our providers this year by dropping a note of appreciation for all they do for our hospital, clinic, and community! Thank you to Dr. Brewster Kellogg, Kyle Herspring, PA-C, Jason Kearns, PA-C, Charity Wright, PA-C, Barb Herspring, PA-C, and all of our specialty providers!

Save the Date

Golf and Card Tournament is Sunday, June 2nd!

RCHC Welcomes
