AMERICAN HEART MONTH

February is American Heart Month and this year it is all about high blood pressure control! Uncontrolled high blood pressure, or hypertension, is dangerous and far too common. In fact, 1 of 3 adults in the United States has the condition. There are steps patients can take to help manage your blood pressure, including measuring your blood pressure, managing diabetes, taking your medicine and more. Please speak with your provider at your next appointment about ways you can improve your blood pressure.

CARDIOLOGY AT RCHC

Cardiac (Heart) Services offered at RCHC include cardiac wellness, cardiovascular screening, holter monitoring, cardiac nuclear stress testing, electrocardiograms (EKG), echocardiograms, vascular ultrasounds, and cardiology clinics. We also have two cardiology specialists Dr. Sean Denney and Dr. Richard Markiewicz. To schedule an appointment, call the Rawlins Specialty Clinic at 785-626-3211.

(785) 626-3211 • www.rchc.us •
