## Work Anniversary!

Lori Bunjes, RN - 5 years

## Welcome!

Ryan Willis, Physical Therapist

## Radiology Services

The Radiology Department at Rawlins County Health Center has many services available beyond X-Ray. The high-quality CT machine takes diagnostic images and performs preventative tests such as Calcium Scoring. A bone density test can be done anytime or combined when having your Mammogram. Ultrasounds are available on Wednesdays, and Vascular ultrasounds are available on Mondays. Finally, an MRI truck is available on Thursdays, and Nuclear Stress Testing is available every other Friday. For more information on Radiology services, visit <https://www.rchc.us/diagnostic-services/> or call 785-626-3211 ext. 2230 to schedule.

## Clinic Sliding Fee Scale

Rawlins Clinic has a sliding fee scale available for qualifying patients. Information is available at <https://www.rchc.us/rawlins-county-health-center-clinic/> or call Nicole at Rawlins Clinic.

## Direct Access Lab

Some Laboratory services at Rawlins County Health Center are available through Direct Access Lab. These labs are at a cash price, not run through your insurance, and do not require a provider's order. The results of these labs are mailed directly to you, not to your primary care provider. For a list of labs available through direct access, visit <https://www.rchc.us/laboratory/>.

**Rawlins Clinic, Outpatient Services, and, Business  
Offices will be closed on Friday, December 24th for  
Christmas and Friday, December 31st for the New Year.**
