Re: Power Demand for Deer Park Development Corp CUP's

Dear Ms. Semione,

At our "resubmittal" meeting yesterday you requested that we designate how we wished to distribute the 5000 MW of power that we have paid to reserve.

Please allocate the power as follows:

1. Distribution CUP, Building 1A: 0 Amp service, we anticipate using the existing electric service for this CUP.
2. Manufacturing CUP, Building 1B/1C: 200 Amp service
3. Cultivation CUP, Building 1D: 500 Amp service
4. Cultivation CUP, Building 2A: 700 Amp service
5. Cultivation CUP, Building 3A: 800 Amp service
6. Cultivation CUP, Building 3B: 800 Amp service
7. Cultivation CUP, Building 4A: 1000 Amp service
8. Cultivation CUP, Building 4B: 1000 Amp service

This distribution totals the 5000 MW that Deer Park has paid to reserve.

If you have any questions, please feel free to call.

Sincerely, Dennis Stafford
Project Planner
