

Good Afternoon Families and Friends:

Our residents and staff continue to stay healthy and safe and we hope you are too! We have been increasing our activities including a watermelon social, ice cream cart, bingo and exercise. All activities are in small groups with plenty of social distancing and mask wearing. We are planning a BBQ lunch for next week.

Outdoor Visitation: As you know, we have had to cancel outdoor visitation several times due to heat and/or rain. We make the cancellation decisions based on the Dark Sky app forecast and the higher percentage of rain, the more likely the visitation will be cancelled. In order to give you enough notice, we must decide on the cancellation the night before the weekday visitations and the Friday before the Sunday visitations. We notify those on the schedule via email, so please be sure to include your email address when you sign up. If you would like us to also text you, please include your cell phone number. It is imperative that you check your email for cancellations before you come to Rockport and be sure to inform your family and friends who are planning to visit. You can also call the front desk before you head out. We do not want anyone making the trip unnecessarily, especially if they are coming from a distance. We certainly understand the disappointment cancellations cause and try to avoid them as much as possible. However, with rain and/or hot weather, we must err on the side of caution and take into consideration slippery pavement, lightening, getting wet, dehydration and breathing challenges.

Hair Salon: We are finalizing our policy and procedures for the hair salon re-opening and will send you and the residents a copy next week.

Medical Appointments: Thank you for your cooperation with only scheduling medically necessary appointments. Please remember we can facilitate telehealth visits for routine visits or other virtual visits with your loved one's healthcare provider.

Our landscapers have made some changes to the courtyard - hope you like them as much as we do.

Have a great rest of the week!

Penny Kelly, Administrator -- 440-356-5444, pennykelly@rockportrc.com
