Aesthetician

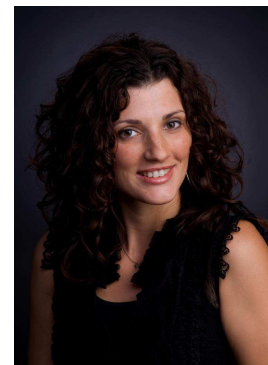

**Skin Rejuvenation
Clinic is Expanding!**

For those of you who have been loyal patients over the years, you may have noticed our clinic has literally been bursting at the seams in terms of space for quite some time now. Which is why we are thrilled to announce that Skin Rejuvenation Clinic will be expanding in 2013! We are happy to be able to finally share this exciting news! By adding more square footage we will provide our staff more space to perform the quality cosmetic care you deserve. More elbow room for us means more services and improved care for our patients!

Mark Hagberg, MD & Beth Hagberg, MD

We would like to share a few details on the project. First, we are very pleased to have the opportunity to stay within the Southdale Medical Center, which is conveniently located for so many Twin Cities' residents and even those patients coming from outside of the metro area. For quite some time, Edina has been the centerpoint of Minnesota's cosmetic industry, so we are pleased to

As we move into spring, I have so many clients, myself as well, doing a spring cleanse of some sort. We all want to shed some of that winter weight and clean our bodies out to prepare for the upcoming months.

Have you ever thought about an external cleanse? I urge you not to forget your skin during these cleansing months. What about shedding that last little bit of dry, dull winter skin? Twice a

have the chance to expand without having to move to a new location.

We will keep our existing space, but will expand to the south, so will have an "L" shape suite on the second floor. But the most interesting component of our expansion is that we will also be opening space on the first floor of Southdale Medical Center, across from the new Subway Cafe and directly below our second floor. This first floor space will be connected to the second floor via a convenient internal staircase and will serve as the clinic's primary entrance. The first floor will also host a retail store space so patients can more conveniently stop in to purchase our medical-grade skin care products. The first floor will also host a private and spacious waiting room and a makeup/beauty bar. So we will become a 2-story clinic with a residential feel. Our existing lobby is known for its homey vibe and our new space will have similar design elements. We want our patients to feel right at home the minute they walk through our doors!

We have made a firm commitment to carry forward the high quality customer service for which you have come to know Skin Rejuvenation Clinic. This expansion will not change in any way our mission to provide you exceptional customer service and excellent cosmetic care. If anything, we expect this growth to provide you with a more enhanced patient experience, from beginning to end.

Construction began just a few weeks ago and we expect it to be completed early this summer. We promise to keep you updated with our construction progress over the next few months.

Thank you for your support of Skin Rejuvenation Clinic through the years. Our loyal client base has helped create a bustling practice and we are excited to be able to provide you with an enhanced experience in 2013 and for years to come.

Our best to you and your loved ones,

Mark Hagberg, MD and Beth Hagberg, MD

April Specials

year you should do a skin cleanse as we move from winter to spring and summer to fall. This will help us shed the dull, dry winter skin and to molt all the sun damage, sweat, dirt and grime we accumulated during the spring and summer months.

The way I recommend you cleanse your skin is by doing a Vitalize Peel® or what my clients call the "snake peel". It's really not as scary as it sounds, I promise!

This is a peel where you will have some downtime however, you will not peel for the first 48 hours. Say you have your peel done on Thursday. You will leave with a nice tight glow for that night as well as the next day. Then

Saturday you will start shedding, it will start around your mouth then cheeks, forehead and the nose are the last to peel. Saturday will be your big peeling day.

Sunday, you will still be peeling however it will feel more manageable since the peeling will be more on your cheeks and forehead. During the peeling process, you can always wear make-up.

For the month of April we will be offering a 30-minute SkinMedica Vitalize Peel (the snake peel!) for only \$100.00 which saves you \$50! So slither in on your lunch break and try this fantastic "snake peel" to shed your winter skin!

Do a Little Spring Skin Cleaning this Month!

Shed your dry, lifeless winter skin with one of our special Aesthetic Spring Cleaning Promos and flaunt clean, dewy, luminous skin this summer!

(1) Obtain more youthful skin with our Manhattan Laser Peel (ProFractional + MicroLaserPeel) for the Face, just \$1200 in April (a savings of \$300!)

This laser resurfacing combination will combat wrinkles, fine lines and help improve the tone, texture and overall appearance of your skin with just 2-4 days of downtime. Administered by a skilled physician, results of the Manhattan Laser Peel will last for years with proper after care. If you have a reunion, wedding or other special event this summer, do this laser combo now and have incredible skin for many months to come.

-Laser Peel must be purchased by 4/30/13. Not to be combined with any other discount, offer, certificate or sale.

(2) Shed your dull, dry winter skin with an Express Vitalize Peel by SkinMedica, just \$100 all month long (a savings of \$50!) AKA: The SNAKE PEEL!

Vitalize Peel® is a powerful chemical peel that helps fight the effects of time, sun damage, and environmental assaults. Vitalize peel® uses a unique blend of safe but effective acids to cause chemical exfoliation of the epidermis, or outer layer of the skin. Skin regeneration following this chemical peel results in a fresh, organized, healthy epidermis. The result is a smoother and more even complexion and an improvement in pigment changes. One to three days following your procedure you will notice mild to moderate peeling of the skin that can be concealed with the use of a moisturizer. While results are predictable and noticeable after just one peel, dramatic results are seen after a series of peels.

-Treatments must be purchased by 4/30/13. Not to be combined with any other discount, offer, certificate or sale.
April is Rosacea Awareness Month!

(3) Book any Vascular Laser in April and get 25% off SkinMedica's Redness Relief Calmplex for just \$60 +tax (save \$20!)

Book a laser treatment to reduce redness, rosacea, facial spider veins or broken capillaries and get a super discount on THE take-home product to help reduce vascular skin concerns at home, the SkinMedica Redness Relief Calmplex!

-Vascular Laser treatment must take place on or before 4/30/13. Not to be combined with any other offer, discount or certificate.

(4) Purchase 2 or more syringes of Juvederm XC and get a FREE 3mL Latisse Kit a \$120 value! (Must mention this offer at the time of booking to be eligible, offer only good while supplies last!)

**200 Points = \$25 in savings on Allergan cosmetic products
400 Points = \$50 in savings on Allergan cosmetic products
575 Points = \$75 in savings on Allergan cosmetic products.**

For best results, apply the serum to fresh bruises to encourage a faster healing time. The serum is oil and fragrance-free and works well with other products in your daily skincare routine. By regularly applying the lightweight serum to bruising or spider veins on legs and other trouble areas including the ankle, your skin imperfections will begin to fade away. The vitamin K in this serum will also aid in soothing and calming inflamed skin after treatments such as chemical peels and microdermabrasion.
