## Expansion Update

Our expansion is progressing nicely! We are thrilled to now be able to access four of our new exam rooms, which allow us more booking flexibility. The new treatment rooms are larger, providing providers and patients a bit more elbow room. More exam rooms will be added during Phase 2 of our construction process in July but for now, we are pleased to be able to access the new rooms via a temporary walk-way just off of our reception desk. The walk-way will eventually be opened up and our existing lobby will be transformed into the additional exam rooms. Our new private patient lounge will be located on the first floor of our new suite. Our clinic entrance will be located directly across from Subway Cafe and our official suite number will eventually change from 234 to 165 after the expansion is complete.

We are planning a large Grand Opening event early this fall. Stay tuned for more details!
