Our New, Convenient Retail Store is Open for Business!

By Emily Oster, Assistant Retail Manager

We are so excited to officially welcome everyone to our newly expanded and remodeled retail store! While we make our fantastic treatments a priority, we are also committed to ensuring the health and beauty of your skin with medical-grade products from reputable product lines. SRC Retail allows us to do just that. Whether as an extension of your clinical treatment or as a first step towards skin rejuvenation, our store is a great place to find exciting solutions.

Location, Location, Location

We are conveniently located on the main floor in the Southdale Medical Center, so our new retail store is more convenient than running into the mall or a big discount store. There is free parking right in front of our building, just yards from our entrance so you can quickly run in and out for your products, before or after work or over your lunch break. SRC Retail functions as both a place to pick up old favorites as well as explore new products and receive recommendations in a pressure-free environment from experts who understand the anatomy of your skin. We now offer free fully

Product Specials

It is very important to give your skin the hydration it needs; without moisture, our skin appears older and fine lines and wrinkles are more apparent. A good moisturizer will help reduce lines, allow your skin to function at a higher level and protect you from the wind and cold. Whether you are oily or dry, there is a moisturizer for you that will help you fulfill your skin care needs.

**iS Clinical Youth Complex
SALE PRICE: \$125.80+tax
(you save \$22.20)**

This moisturizer is great for all skin types. It contains hyaluronic acid that immediately plumps the skin, fruit extracts that improve texture, as well as plant based ingredients that firm and tighten the skin. Perfect

customized walk-in consultations with Bridget Conlon or myself, who function as resident product specialists. Coming from a broad background of makeup and skincare training, we are both prepared to look at your concerns, past regimen, what your current routine may be, and how to achieve your skincare goals. Between our four medical grade skincare lines, as well as Clarisonic and Latisse products, we are able to prescribe a result-driven regimen for ultimate skincare health and correction!

All Skincare Products Are Not Created Equal

Skincare is hot commodity that has become accessible to us in so many places. Whether it's found at a drugstore, a boutique, or a department store, "trendy" skincare can be enticing but often we find ourselves disappointed. The overwhelming difference between drugstore and department store product versus our medical grade skincare is the active ingredients. Medical grade products provide better ingredients (and often a higher percentage of them) and penetration, which translate into outstanding results. Also, the price point of over-the-counter products are inflated by the name brand on the label. Rather than spending your money on a name and pretty packaging, SRC Retail products give you clinical results with equal convenience and much greater personalization.

Make-Up Makes a Difference

We also carry a fantastic selection of medical grade makeup at SRC Retail, and are available to custom fit these to your needs. While our cosmetics are skin healthy and non-irritating, they deliver polished and sophisticated looks. Our Colorescience mineral line provides color, coverage, and a luminosity that accentuates healthy skin. Also, we carry a phenomenal Oxygenetix foundation, which gives full, breathable coverage and is safe post procedure. We all know the feeling of having products on our vanity that just aren't giving us what we want. Visit us at SRC Retail and you will find items that you are excited to use every day, and make healthy skin the priority.

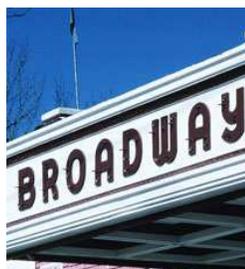

So we hope to see you soon at SRC Retail. Our shopping hours are as follows:

- Monday: 8am-5pm
- Tuesday: 8am-5pm
- Wednesday: 8am-5pm
- Thursday: 8am-7pm
- Friday: 8am-5pm
- Saturday: 8am-12pm (the 2nd and 4th of each month only)

Get 15% off ANY of the following anti-aging moisture products all month long to ensure your skin doesn't look shriveled up and

Staff Must-Have of the Month

My Name:

Sharon Coyle

My Role:

Administrative Assistant, Lead

My Must-Have Product:

Decollete Pads

Why This Product is a Must-Have for Me:

"Décolleté Pads were first introduced to me by Dr. Beth. I am a side sleeper and in effect, have developed a decollete crease that has become more prominent with time. These pads are made of a soft silicone and are reusable. It sticks to your chest while you sleep and it has dramatically changed my skin's texture. It has smoothed existing wrinkles and is helping to prevent more. I love the results and it's so simple to use!"

Open House Winners Announced

dreary: **SkinMedica Dermal Repair Cream, iS Clinical Youth Complex, Obagi Therapeutic Moisturizer**

*Sale ends 11/30/13

"Best of Edina"...

May We Kindly Ask for your Vote?

The polls are open! *Edina* Magazine is asking for your vote on the best businesses in the city and Skin Rejuvenation Clinic is kindly asking for your vote in the category of "**medspa/rejuvenation clinic**." Click on the yellow box below to vote now, it takes just a minute or less to complete.

Keep in mind the following while voting:

1. One entry allowed per person; each ballot must include a first and last name and contact information.
2. Ballots must be entered by November 20, 2013.
3. Voters must fill in at least 10 (20%) categories to have their ballot counted.

It is our great pleasure serving you and if you are a satisfied, happy patient of Skin Rejuvenation Clinic, we would be honored for your vote in the *Edina* magazine "Best of Edina" contest. (If conversely, you were not completely satisfied with your experience at our clinic, we ask that you contact us to provide us feedback so we can do our best to "make it right" for you). Your opinion matters.

Thank you in advance for your consideration!

Smooth Your Cellulite Before Spring Break!

Imagine walking in your swimsuit without a cover-up or towel covering the areas that cause you embarrassment. You can make

smoother thighs, buttocks and legs a reality by the time you leave on your next vacation... with CelluSmooth. And even better, **this month, all CelluSmooth treatments are \$300 OFF or \$500 OFF TOTAL when booked in conjunction with a ProLipo laser lipo treatment!** See above specials for details, to book a consult to find out if you are a candidate call us at (952) 920-6545.

CelluSmooth offers exceptional results for a condition which affects more than 85% of women. It is a state-of-the-art minimally-invasive laser treatment targeting lumpy and dimpled skin using proprietary laser technology.

Using a technique similar to ProLipo laser-assisted liposuction, our skilled physician uses the laser to burst and melt fat, as well as tighten the skin with laser energy. The laser is optimized to reach the specific tissue layers that cause cellulite: excess fat, uneven dermis overlying fat, and fibrous bands beneath the dermis that cause dimples and valleys.

Because CelluSmooth is a minimally invasive treatment, there is very little downtime for recovery and most patients return to their daily activities almost immediately post treatment. Results can start being visible in as little as one month, and will continue to improve after treatment.

- Provides long-lasting results
- Delivers results in as early as one month
- Patients can return to everyday activities almost immediately
