

**E-Newsletter of Skin Rejuvenation Clinic | Edina, MN
September 2013 edition**

Product Spotlight

Check out our September specials just below this month's feature article!

iS Clinical White Lightening Serum and Complex:

White Lightening is an anti-aging, brightening, hydrating, and revitalizing formula. The Serum delivers botanical ingredients for controlled exfoliation helping to remove hyperpigmentation while simultaneously inhibiting the production of new discoloration. The Complex enhances the serum and provides hydration to protect and preserve the skin's lipid barrier.

SkinMedica Lytera:

Lytera is a non-hydroquinone skin brightener that addresses the appearance of skin discoloration, with clinical results seen as 4 weeks with continued use. Using retinol and melanin blockers, it removes

Our Expansion is Complete!

By Dr. Beth Hagberg and Dr. Mark Hagberg

Nearly a decade ago, Skin Rejuvenation Clinic opened its doors to a modest patient base but with an unrivaled passion for cosmetic skin care and a strong commitment to customer service. Thanks to much hard work and the gracious referrals from satisfied

patients (like you!) we grew... and we grew. A few years ago, we found that our space was getting a bit too cramped so we began looking for ways to expand our clinic so we could continue to offer our patients a quality experience. We were fortunate to be able to stay in our existing location in the Southdale Medical Center, which was of great importance to us as we feel this location is convenient for people coming from the north, south, east or west. Our expansion means no more rubbing elbows in the lobby, no more waiting for treatment rooms! This expansion gives us the opportunity to function in a setting more suitable to our patients' needs.

We have many people to thank, the first of which is our patients. For those of you who came in during the construction project this spring and/or summer, we thank you for your understanding. We tried to keep noise, dust and inconvenience to a minimum but if you have feedback on one such visit that you would like to share, I encourage you to [email us](#). We value your feedback.

I would also like to thank the hard work of our Skin Rejuvenation Clinic team. We have an amazing staff who go above and beyond their daily tasks each and every day. This expansion couldn't have happened without their positivity, diligence and commitment to the practice.

We can't wait for you to pay a visit and see what we've been up to! Stay tuned for details on our Open House coming very soon, watch your email for the event date and specifics! There are many notable highlights of the upcoming event (our biggest to date) one of which is a special appearance by Jason Matheson, our spokesperson and proud ProLipo laser-assisted liposuction patient!

Meet myTalk107.1's Jason Matheson at our Fall Open House... details coming soon!

hyperpigmentation and dark spots to create a brighter and more even skin tone. It lightly hydrates while treating discoloration, and is a great addition to a skin care regime after a summer in the sun.

Obagi Nu-Derm Starter Kit:

Obagi is the gold standard of skin transformation and color correction. Using 4% hydroquinone and tretinoin, Nu-Derm repairs photo-damaged skin by improving skin's cellular skin function, minimizing the signs of premature aging, reducing acne flares, and preventing future damage. Nu-Derm is the #1 prescription-strength physician-dispensed skin care system.

September Specials

Spots are for Leopards, not YOU.

Treat: Physician Procedure

Get rid of or improve your brown spots, age spots, liver spots, freckles or sun spots this month with our "Bye Bye Browns" Package which includes: 3 Full Face BBL treatments and 3 On-the-Go Microderms, all for just \$990! (Save \$315!)

Your skin's true beauty can be diminished by unsightly spots. A Forever Young Broadband Light (BBL) package of 3, paired with three 30-minute "On the-Go" Microderms are what you need to clear or improve spots that accumulate from the summer sun. The no downtime BBL will fade spots after 7-10 days after which you will come in for an On-the-Go Microderm to thoroughly exfoliate your skin, smoothing and evening tone. Repeat this process every 2-3 weeks for a flawless finish. Remember, pigment has memory

Purchase our featured "Bye Bye Browns" BBL/Microderm Package and get 20% OFF the following take-home products to keep your spots at bay: SkinMedica Lytera, iS Clinical White

iS Clinical Active Serum

Why This Product is a Must

-Have for Me:

"Active Serum from IS Clinical was one of the first medical grade skincare products I tried and it made an immediate difference in my skin. Normally I deal with some discoloration and congestion, and occasionally a breakout. With Active Serum my skin feels healthy and hydrated with little weight, and it also corrects my unevenness. For me, Active Serum is a great way to get happy skin in one step!"

Retail Price: \$128

Welcome Missy!

As our newest staff member, Missy Parrish comes to us with a great passion for the skin care industry. As a longtime patient, Missy brought a positivity and passion for this business that was hard to ignore (not that we would want to!) Missy resides in South Minneapolis with her husband and three dogs. She also owns her own photography business [Melissa Rose Photography](#) and has a gorgeous flair for dramatic and inspiring photography. We are so excited for her to grow with us!
