This is an amazing deal and a great way to give your upper face a lift for the Holidays and well into 2015! Our upper face Ultherapy treatment is also referred to as a "non-surgical facelift" lifting and tightening skin in the brow area and under the eyes. Using ultrasound technology, Ultherapy tackles moderate skin laxity, penetrating deeper than its laser-based treatment counterparts, going just deep enough to stimulate the layer that produces new collagen, the same layer of skin treated during plastic surgery that is responsible for the skin's smooth, youthful appearance. Ultherapy typically requires just one treatment.

Your FREE Botox treatment can be used to temporarily smooth crows feet, frown lines or forehead lines. Or consider Juvederm filler which can be used to smooth nasolabial folds, marionette lines, enhance lips and cheeks.

*Offer Details: Not valid with any other offer, discount, certificate or sale. Patient must select their free product of choice (Botox or Juvederm) at the time they purchase the Ultherapy service. Ultherapy and free Botox or Juvederm service cannot be administered on the same day however both services must be administered by 12/31/14. Free Botox or Juvederm is non-transferrable and cannot be redeemed for cash value.*

### **Invest in 2 syringes of Restylane plus 50 units of Dysport and receive \$120 back! (mail-in rebate is while supplies last.)**

Restylane filler is used to enhance and smooth moderate to severe lines and facial folds (naso-labial folds, marionette lines) as well as augment lips, cheeks, nose and other areas. Restylane lasts approximately 6-12 months or longer. Like Botox, Dysport is a wrinkle corrector to temporarily smooth frown lines, crow's feet and forehead wrinkles and can last up to 4 months.

*Offer Details: Restylane syringes and Dysport must all be administered during same visit. Must be purchased by 12/31/14 and administered by 1/15/14*

### **\$20 Off Instant Rebate on any Allergan Service or Product: Includes Botox, Voluma, Juvederm, Latisse or SkinMedica!**

*While supplies last. Must be a Brilliant Distinctions member or sign up for Brilliant Distinctions the day of the visit. One \$20 discount per person.*

### **\$50 Rebate per vial of Sculptra, up to 4 vials and max rebate of \$200! While supplies last.**

## Maximum Results, Minimal Downtime!

**halo**  
HYBRID FRACTIONAL LASER ...you would even say it glows!

Over time, your skin can lose its youthful glow due to sun exposure and your body's natural aging process. Previous lasers couldn't effectively remove this damage because they were either too shallow or too deep. Halo eliminates years of damage by precisely targeting the right depth to restore the luminous glow you used to have.

### Get that Holiday glow:

- Customizable treatment to precisely target skin damage
- Improvement in the appearance of tone, texture, and fine lines\*
- Reduces pore size and increases reflectivity and glow
- Flexibility in treatment levels and downtime

### English Rose

You'd be forgiven for imagining that the most exquisite of the famous-for-their beauty models and actresses just roll out of bed looking that way, but Rosie Huntington-Whiteley is here to set you straight. "Oh, I get ready before I go out," she says. "There's always a photograph being taken—I like to be at least a little prepared!"

Skin, "almost as important as hair," involves a routine of serums and SPF from IS CLINICAL®."
