Dear Reader,

I am writing this letter as a testimonial to Dr. Stephen Perlstein, DC, APC. When I arrived in Santa Fe, NM approximately 20 years ago one of my first concerns was to find a competent chiropractor. Due to a couple of car accidents and an addiction to long distance running I had inflicted considerable damage to my hips and lower back. I arrived in SF having received a decade of quality chiropractic care, carrying my latest X-rays and I was skeptical that I was going to find such care in SF. I looked in the phone book and saw an ad for a Family Chiropractic Center and I was intrigued. You see I arrived in SF with another condition, shortage of funds, and a Family Center was an indication of low cost care. I made contact with Dr. Perlstein immediately afterwards and set up the first of what must be at least 1,000 appointments.

Dr. Perlstein not only met but exceeded my standards. In the 20 years that Dr. P. has treated me I have, as long as I didn't severely test my limits, been able to function pain free. During those times I exceeded my capacity, Dr. P. would always treat me with dignity in spite of the damage I inflicted on myself.

To sum it up, I cannot imagine allowing any other chiropractor to adjust me. So far I have been fortunate, I have not gone into crisis when Dr. P. was on vacation. The idea of having to chose between remaining in pain until Dr. P. returned and having to let another chiropractor adjust me is a choice I hope I never have to make. If you have any questions do not hesitate to contact me.

LOVE & LIGHT,

Rev. Philip Strom, OM, LADAC
