

Tahoe Show Competitor Information

Updated February 24, 2018

Congratulations for choosing the Tahoe Show! It's our mission to provide the highest quality of service and provide an experience that you will remember for a lifetime. If this is your first show or your twentieth show, you'll quickly see that the Tahoe Show is unlike any other, bringing you the very best. Everything from the venue, to the trophies, to your competitor button is special.

The NPC & IFBB

When you compete as an amateur in an NPC "National Qualifier", such as the Tahoe Show, in an "open" class and place 1st or 2nd, you qualify to compete in a national bodybuilding contest. Examples of these contests include the IFBB North Americans or NPC Nationals. When competing at these "national level" contests you are competing for IFBB professional status.

An "open" class is a class that is not restricted by age and is not novice. For example, novice bodybuilding or master's bikini would not be considered an open class and therefore do not qualify you for a national contest when competing in these classes.

The top 2 who will win most national show will then earn their Pro Card but it varies from show-to-show. Once pro status is earned, the competitor can compete free of charge and for a cash prize.

The IFBB is the sanctioning body for professional athletes, similar to how the NFL is the sanctioning body for professional Football. By either winning a show or earning the most points, top pros will then qualify for the Olympia. This is both an honor and an opportunity to become the best in the world. Major IFBB shows are the Legion Sports Fest, Mr. Olympia, Arnold Classic and the New York Pro.

Competition Preparations

Tanning

Tanning can make or break you. It would be a shame to work so hard for 12+ weeks and not place due to a bad tan. Competition tan is much darker than you'll get at a tanning salon or the sun, you will stick out (in a bad way) with the wrong type of tan. Tanning in a bottle will look blotchy and uneven. The best bet is always to go with the contest tanning partner. They will be with you until the time you walk out on stage and will provide any touch ups and glazing. No other tanners will be allowed back stage.

Be sure to prep your skin for tanning. Lufa for several days before the show. Shower shortly before tanning and wear no deodorant or lotions.

Tanning times and location: All tanning will take place back stage at the at the Montbleu Showroom on Friday August 10, 2018 and Saturday August 11, 2018. **After you book online, our Tanning partner Martini Spray tan will be in touch with you to schedule your appointment. Be sure to check your junk folder!**

Booked tans need to be scheduled using this link: <https://instant-scheduling.com/sch.php?kn=2430963>

For questions, please TEXT our Tanning manager at 702-281-6124

Photography

This is the best shape of your life and you want to capture it! Also, should you want feedback from the judges they will need to see professional stage photos. Cell phone photos simply do not have the resolution and light balance that judges need to give you effective feedback. We also offer Lake Tahoe beach side photo shoots. It is a rare opportunity to get photos while in peak condition and at an epic location.

You can purchase photography from our registration page at www.tahoeshow.com/register. For questions please email our photographer at booking@marcellorostagni.com

Make-Up & Hair

Competition make-up is like competition tanning. It is far more extreme than anything you would wear in public. Improper make-up can make you look pale and washed out. This is especially important because both your physique judged but your over-all look and femininity. Once you book online, *our hair/Make-up manager will be in touch with you to schedule your appointment 7 days before the show.*

You can purchase make-up from our registration page at www.tahoeshow.com/register

For questions please email our make-up artist FouFou at foufoumakeup@gmail.com

Trainer pass

The backstage trainer pass can be purchased to allow your trainer back stage to assist you with your final preparations for competition. **Every** trainer must purchase a pass for back stage access no matter how big or small your team may be. To maintain an environment free of preferential treatment and politics, every trainer is required to purchase a pass without exception.

- Pass is for trainers only. Family, children or friends are not permitted.
- Limit 1 pass per competitor.
- Pass must be purchased by a registered competitor.
- No professional tanning, photography or videography will be permitted under any circumstance.
- Failure to adhere to these guidelines will result in expulsion and disqualification.
- All coaches must have a NPC Membership to go backstage – these may be purchased at the show or on the NPC Website for \$125

A group of general admission seats reserved for trainers and competitors will be available for watching the show. These seats cannot be held by individuals and will be offered on a first come-first served basis. These seats are located in Section E on the STAGE LEFT side of the venue. You will be able to access this area by exiting the stage left doors back stage ("stage left" is your right if you are standing on stage facing the judges).

You can purchase a trainer pass from our registration page at www.tahoeshow.com/register

Posing

Posing is one of the most overlooked parts of competing. Proper posing can be the difference between 1st and 10th place. We highly recommend you work with an experienced posing coach. Take many videos and photos as you approach competition to fine tune your posing. Practice your posing many times a day. It is always disappointing to see a competitor who clearly worked hard on diet and training but did not put in their time practicing their posing.

Things to bring to the competition

- NPC Card - You will need one to compete. If you don't have one, you can purchase online at www.NPCNewsOnline.com or at check-ins for \$125. (Cash or check only for NPC Cards)
- Gym bag for your clothes and food
- Resistance bands - although we have some weights in the pump-up room, it will be very busy. Resistance bands are a great way to get pumped up back stage.
- Towel - prepare to sweat
- Layers - you may be hot or cold. There are variations in the venue plus your body does weird things when prepping for a show! Also when you get cold your muscles flatten out and you'll lose vascularity.
- Clothing - prepare to be covered in tanning, so wear black. Loose cloths like sweat pants or a robe are best to keep your tan looking good. Flip-flops are recommended for footwear.
- Extra Razor - in case you missed a spot
- Hand held mirror - As you may sweat, you may need touch ups.
- Bodybuilders, Classic Physique, and Women's Physique bring your music for your routines to check-in. **Bring this on a USB or CD.** Other divisions do not need to bring music.

Violations will result in disqualification.
