

How to Tie a Belt

Note: There are several different ways to tie a belt – this is just one of them. The references of left/right are from the viewpoint of the student. But please notice that the view is that of a parent tying it on them.

Right over Left

Pull the right side through

Tighten the knot

Pull **the left over the right**, but add a small turn as shown

Pull the right side through

Carefully tighten the knot

DONE!
