

June 2015

TODDLER TOWN

"Where Your Child Always Come First"

5934 W. Diversey, Chicago, IL 60639 T: 773-622-9433 - F:773-804-1273 www.toddertownchicago.com

Wow!!! May flew by so quickly and now we are in June. Last month was such a great month. We celebrated Mother's Day, Red Nose Day, and parents were generous enough to bring in canned food that we donated to the Greater Chicago Food Depository.

This month we celebrate our kindergarteners as they graduate and move on to 1st grade. Graduation will be held June 17th at *Lagos* located on 6121 W. Diversey Ave. at 7 p.m.. We ask that graduates and families please be on time as we will be starting exactly at 7 p.m.

Also, chocolates and pictures have been in Mr. Robert's office for quite some time. If you haven't already picked up your chocolate, do so ASAP. Chocolate payments need to be in by June 15th. If you do not take your chocolate and do not pay for them by the deadline, the chocolate will be added to your tuition. We want to remind you that this is a mandatory fundraiser done yearly that explained to you in your application during enrollment, which you agreed to when you signed. Pictures have already been sent back. If you took your pictures and haven't paid yet, do so with *LifeTouch*.

Transitions will be happening this month so check your emails for any notices. Also, teachers will be notifying the parents of the students expected to transition.

Lastly, parents if you have intentions of not keeping your child enrolled at Toddler Town Day-care for the Summer and Fall of 2015, please notify Mr. Robert immediately. You must give us a 2 weeks notice to avoid a \$300 fee. Even if you are not sure, but think it could be a possibility, please notify us just to avoid the fee.

REMINDERS:

- Graduation: June 17th at *Lagos* located on 6121 W. Diversey Ave. at 7 p.m. sharp!
- June 15: Deadline for chocolate payment.
- Transition will happen this month.

**CONGRATULATIONS
CLASS OF 2015
GRADUATES!!!**

Ms. Merry and Ms. Nikki's Toucans Class 2-year-olds

Flower & Vegetable Garden

May seemed like a whirlwind for the Toucans. We continued studying birds and segued right into plants. Miss Merry also went to Florida to visit her mom. We talked all about Mother's Day, handmade gifts for our mothers, and discussed going out of town on vacation. With Miss Merry's return, we celebrate the arrival of June and kick off Camp Toucan! Miss Merry and Miss Nikki are accustomed

to working with a "Summer Calendar" of events as well as standard curriculum during the summer months. They will be bringing this to all of the Toucans as a way to make their summer even more spectacular! Each child will receive calendars for June, July, and August that detail our extra special daily events and activities. While we finish up plants the first week in June, we will be starting two weeks of

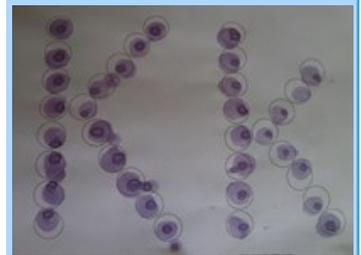

insect fun on our summer calendar. The remainder of the month our lesson plans will focus on our study of pond life. On our summer calendar, we will be encountering the wonders of camping the last two weeks of the month. Keep in mind, the Toucans will also have a garden to tend to all summer long. Our days will be long and full of new things for your Toucan to learn and experience!

Ms. Jackie and Ms. Irene's Butterflies Class 3-year-olds

Happy June!!! May went by so quickly but we made sure to enjoy every last bit of it. The children worked on writing our names, letter recognition, identifying numbers 1-10, and counting. We also enjoyed some arts and crafts and made gifts for Mother's Day. Once again the weather this month was very unexpected as we got a lot of

showers. But we made sure to take the children outdoors when the weather was nice. For the month of June, we will continue to focus on letter recognition, identifying numbers 1-10, counting 1-30, and writing our names. We will also talk about summer and do projects that pertain to the summer sea-

son, make gifts for our fathers as this month is Father's Day, and enjoy more of the outdoors if Mother Nature permits. Lastly parents, transitions will be happening at the beginning of the month. We will lose some friends, but we will also gain new ones. And together we promise to enjoy our summer!!!

Letter formation

Mr. Temok's Guppies Class 3 and 4-year-olds

Giraffe

Hi everybody! For the month of May the Guppies classroom started with Mother's Day, in which the children made gifts for their mothers. The Guppies also covered the themes: Jungle, in which they made animals such as a giraffe; feelings, in which we talked about how to han-

dle being angry or upset; the alphabet; spelling their names; and we talked about Free Zone Bullying. For the month of June, we will discover themes on camping and frogs. We will also revisit the topics about feelings and Free Zone Bullying since the students enjoyed

these topics so much. Lastly parents, please be aware that every week we wash your child's sheet. We send their blankets and pillows home every Friday, so please be sure to wash those as well. Thank you!

Ms. Barber's Bumble Bees Class 3 and 4-year-olds

What a magnificent month of May it has been! To recap this month, the Bumble bees learned about farm animals and butterflies. They were also eager to step into the Rainforest and see all the different animals that live there. Let's not forget our sight word bank that we

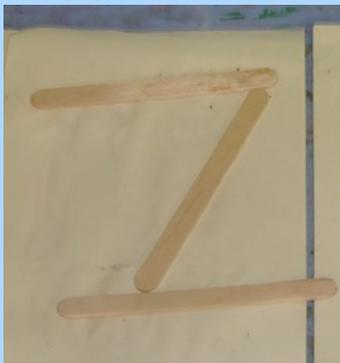

are adding to our classroom. The children are learning how to spell and are pointing out different sight words, which is preparing them to learn how to read. During the month of June your child will be learning the season of

summer, bugs and insects, letter recognition, spelling, remembering sight words, 3D shapes, experimenting with rulers and measuring tools, and much more.

Handprint Rainforest Tree

Ms. Taga's Bears Class 4 and 5-year-olds

Making the Letter Z

To recap the month of May, we reviewed the alphabet by writing a class story, making letters out of people and art materials, talked about more/less, and began learning the opposite of big/little. We also continued our spring collages, made our Mother's

Day gifts, and celebrated Red Nose day by wearing red noses. For the month of June, we will be continuing our lesson on opposites by reviewing on/off and inside/outside. We will also be discussing summer, the 4th of July festivities, and making Father's day

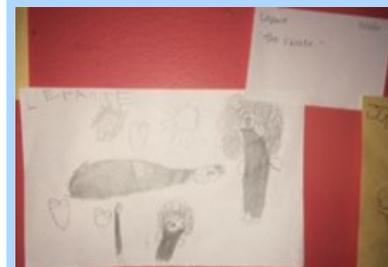

projects. We will begin water play, weather permitting, and use summer related collage materials for our art projects. We will also be spending more time outdoors as the weather becomes warmer. It's going to be a fun month!

Ms. Megan's Koalas Class 5-year-olds

Hi Parents! Our class had such a great month! We had some great lessons on worms, math skills, sight words and Star Wars! We also had great activities to go along with lesson such as sight word search, worm exploration, story dictation and math challenges. June is going to be the most exciting month for our class because it's graduation month! That means

it's crunch time, but also a time to have fun and celebrate. We will be practicing our show many times and fixing any minor problems. We will be learning about pottery, creating stories and continuing our basic skills on sight words and math skills. During our graduation week, we will be having spirit week and celebrating everything that makes us unique!

Parents: A reminder that the graduation date has changed to Wednesday, June 17, 2015 at Lagos Banquets at 7:00 p.m. sharp! More information about graduation and our celebration will be coming soon! If you have any questions or concerns please see me and I will be happy to help. Thanks and Happy Graduation Month!
