### SHARKS: 5 YEAR OLDS:

Welcome June! We had so much fun pretending to be Butterflies, discussing transportation, how important mother/family is in our lives & what we can do for them. Hope mothers loved their 'Mother's day' gift.

In June we will spend most of our time practicing for our Graduation☺. We are also looking forward to learning about Frogs, Farm animals, Summer and Beach. We are learning about blends so, the letter sounds we will practice are Tr, Sl, St, etc. For math we will practice counting by 10s up to 100, will practice early additions; review all the shapes we have learned before. We will continue improving our early reading skills with guessing games, clue games, rhyming words, sounding out the letters, reading books, etc.

Summer is knocking on our door; we are enjoying the beautiful weather by spending as much time as possible outdoors! Please check to be sure your child has an appropriate change of clothes for keeping.

## ANNOUNCEMENTS

**“Where Your Child ALWAYS Comes First.”**

### CLOSING DATES:

- June 20<sup>th</sup>: Closed for Teacher In-Service Day!
- To know if we are closed due to the weather, please refer to this website: <http://toddlertownchicago.com/register-for-weather-emergency-updates/>

### REMINDERS:

- Notify the daycare if your child is ill with a contagious illness immediately so that we can do our part at the daycare.
- Please see your child's teacher to update your contact numbers.
- Wash your child's hands upon arrival.
- Graduation for the Sharks class will be Friday, June 17, 2016 at Levy Center in Evanston at 7 p.m.!
- Payments need to be made on time or your child will not be able to stay in school.

"Where Your Child Always Comes First"

## BUTTERFLIES: 4 YEAR OLDS:

It's that time of year again (summer time) and the Butterflies are ready to have fun in the sun! It's time to break out weather appropriate clothes to keep cool on hot and sunny days. **Please be sure to refill your child's cubby box with extra summertime/under garments.** In the month of June and throughout the summer, there may be more water play outdoors, so **please be sure to provide shoes/sandals that are safe for running outdoors (shoes/sandals with back straps and grips).** Last month, we had fun with rhyming, manners, a review of safety, and exploring ocean life. This month we will learn about zoo animals, pets, practice making lines (for writing & fine motor development), and introduce the summer season. At the end of the month, we will review what we have learned and incorporate phonics/counting. We will also practice staying cool and hydrated by drinking plenty of water. Thanks for your teamwork!

## CHIPMUNKS: 3 YEAR OLDS

Howdy all!

In the month of May we discovered Dogs, The world of Plants, Dinosaurs, and learned about Forces...essentially Physics, dialed down to the three year-old level. But make no mistake...we LEARNED about Physics.

Next month we will focus on Spelling Words, Subtracting, Baking Foods, and about Bikes.

As always each week we will have a focus on a particular letter or number, as well as a shape or color.

Parents feel free to volunteer! We had a volunteer this week and she had a great time!

## BUMBLEBEES: 2 YEAR OLDS

We are now welcoming the month of June. Even though the weather isn't really giving us hope for summer, the first day of summer is June 20<sup>th</sup> 2016, maybe by then, there will be more heat. During the month of May we had a successful BOOK WEEK, thank you to all of the parents who took time out of their busy schedules to read to our little ones.

During the month of June, we will be discussing fruits, vegetables, plants, flowers, Safety and Summer! Along with our weekly themes, we will continue to practice sharing, using our words and manners. I also will be doing a lot of large and small motor skills activities to help our little ones strengthen their large and small bones and to become more independent.
