Where Your Child
Always Comes First

SHARKS (5 Year Olds)

WOW, it's already April! The sharks are trying to take advantage of the warmth as we hope to enjoy more warm weather this month. In the Sharks classroom we try our best to help develop children's pre-reading skills by reading books twice a day, helping them write letters, writing down what they say about their drawings and also encourage the children to read as much as they can. We have celebrated Dr. Seuss's birthday by making (writing/drawing) our own books, the children are now more familiar with the words; Author, Illustrator, front cover, back cover, spine, rhyming words and opposite words. In April we have some exciting themes to learn about, including: *Spring (The 5 senses, Bugs/Insects), and Earth day/Recycling*. We will keep working on our fine motor skills in April as well. This includes tracing, writing and zipping our jackets. These are things that they can practice at home with you too! ☺ We can't wait until we see all the benefits of spring.

BUTTERFLIES (4 Year Olds)

Hello Parents and Happy APRIL. We want to start out and say that March was a great month of Dr. Seuss, rhymes and parent teacher conferences. Thank you to all the parents that took the time out of their busy schedule and visited with us. Due to the success and interest of the children we will continue our unit with Dr. Seuss as well as start our plant study. We want to give you a heads up regarding the (WOYC - week of the young child) April 22 - 26. The Colgate van will be here on Thursday April 25 @ 9am to screen the children's teeth. We will pass out permission slips and this is FREE of charge. We will post all the other activities of the week in the class first week of April ☺☺☺☺☺

If you have any questions or concerns please feel free to see one of us.

Thanks from the Butterflies, Mrs. Maritza, Ms. Jasmin &
Mr. Robert EXT 14

Always Comes First

CHIPMUNKS (3 Year Olds)

Hello April! We feel like it is never too early to start advocating the importance of taking care of our planet Earth. In honor of Earth Day on April 22nd, we will be projecting activities all month long that will teach children on how to be kind to our environment and learn helpful tips to save energy at home. Our chipmunks will be very creative with Contemporary Artwork using recycled items so please bring any paper rolls, milk cartons, plastic bottle caps, egg cartons, soda bottles, newspaper, old cds, and empty cans. The chipmunks room will have a recycling box you are free to dispose any items there. (ps. make sure items are clean.) We will also have a family project :D, teacher will give you more information on when it is due.

Spring Weather: Please make sure your child comes to school with proper coats & rain boots for rainy days for our outdoor play.

BUMBLEBEES (2 Year Olds)

I'm so glad April is finally here, you know what they say, "April Showers Bring May's Flowers." I love the spring and everything that comes along with it, except for ALLERGIES! Last month, children had so much fun learning about Dr. Seuss, the color green, "when the sun is out," Sorting/Matching, and SPRING! On the fifth day of spring, children will be planting their own little bean. Children will be encouraged to check on their bean daily and will be making sure their little cotton ball stays moist and never dry. For the month of April, children will be learning about April showers, fun spring Activities, pets, RRR (reduce, reuse, recycle). The week of April 22-26, we will be celebrating The Week Of The Young Child, more details will be provided in our lesson plan so please stay tuned! Until then enjoy the month of April and Spring 2019!
