Evanston

SHARKS (5 Year Olds)

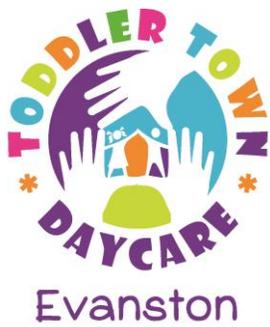

Hi all, practicing pre-k graduation songs and participating in Graduation was so much fun. Thanks for all your support and encouragement! We have been learning about Kindergarten; how Kindergarteners behave, pay attention, take turns, share, solve their problems, and show that they are ready to learn. Last month we discussed Butterflies and different cultures. In July we are looking forward to learning about Independence Day and Safety. The Children are having fun with the letter game we have been playing. For math we will practice counting how many children are present and learn some 2 dimensional shapes. We will continue our early reading skills with sounding out the letters, reading books etc. Variety of art projects, games and outdoor activities will accompany our learning.

BUTTERFLIES (4 Year Olds)

Hello Parents and Happy July. We want to say congratulations to all of our PFA year 1 graduates and welcome back all our returning and new students for year 2 of PFA. The children enjoyed learning about butterflies and their life cycle. We also had the opportunity to have real life caterpillars turn into butterflies and then let them free into nature. We want to take this time and remind all parents regarding our new assessment tool MY Teaching Strategies. This will take the place of LIFECUBBY. Please update all emails, cell numbers and cell providers. We are planning on a field trip in early August. Stay on the look out for info to come.

Thanks from the Butterflies, Mrs. Maritza, Ms. Jasmin &
Mr. Robert EXT 14

Where Your Child
Always Comes First

CHIPMUNKS (3 Year Olds)

Well Hello Summer! The Chipmunks are ecstatic that we will finally have warmer and sunny days ahead! Which means more outdoor time and walks to the park to enjoy the beautiful weather. During this month we will be talking about Summer.

What happens during Summer? What type of clothes do we wear? How is the weather? What activities do we enjoy? We will incorporate that and continue to discuss the life cycles of plants, animals and insects. We will be focusing on a letter, number, color and shape each week. Encourage your children to discuss what they are learning. Also, we will be sending homework every Friday to bring back on Monday. This is the time where you can have quality time with your child and discuss what is taught in school. Also, this will help students practice fine motor and language skills at home. We are now using My Teaching Strategies instead of LIFECUBBY. More info to follow. Please sign in/out your child daily per DCFS.

BUMBLEBEES (2 Year Olds)

Welcome to Summer and to the Month of July! During the month of June, we have gone through lots of amazing changes and everyone is pretty much getting adjusted to those changes. We have a lot of new little bodies who have joined our classroom and we have a few that we had to transfer over. New children are being welcomed into the classroom, we are allowing them to explore to learn about our classroom and slowly implementing rules and routine. This is where we use our older twos and ask them to teach the new twos certain things, it's amazing to watch them grow and learn from one another. During the month of July, children will be enjoying the SUMMER of course with summer fun filled activities! Children will also be learning about bugs and insects, summer and summer safety, beach, picnic and bubbles. On the 26TH of July 2019, we will be having a picnic in the playground from 9am to 11:30am. I will be reaching out to certain families to help during this day to help make it fun and full of excitement for the children. I will also be putting out a list for all the families to participate in bringing in the items needed to make this day happen. So please reach out to Ms. Norma or be on the lookout for more info!

LET THE FUN BEGIN! HAPPY SUMMER!
