well hello,
march

2021

Here's What We'll Be Up To...

Happy March Everyone! ! During the month of February, students had a blast learning about, love, friendship and being equal. Students also learned lots about Black History Month. For this Month, teachers will be discussing Dr. Seuss, Rhyming, the Color green, SPRING Hamrocks and more!

First day of Spring 03-20-21

Towards the end of the month, children will have a Spring Fling party, in celebration of Spring and Dr Seuss Birthday 03/02, and in celebration of what they have learned during the month in remembrance of Dr. Seuss and his amazing work!

KOALAS (5 Year Olds)

Hello Families!

Well what crazy month we had in February! It felt like snow kept piling on us at one point. But luckily, we have made it through. The koalas class had a wonderful month of learning. We studied different famous men and women who have made an impact on the black community. We reviewed the emotions of love and kindness. Finally, we learned some new words this month like can, my and see. We also had some great activities along with these themes like having it rain Valentine's Day cards.

We are hoping for magnificent March! The month of March is honored to a very important person for The National Education. That is Dr. Seuss! This whole month we will focus on learning about rhyming and accredit the significance of reading. The children will be switching to numbers review as well learning how to add numbers that equal small sums. We will also be exploring the weather.

If you have any questions or concerns, please reach me through email at megan@toddlerstownchicago.com or at Ext 27

Thank You,

THE BEARS (4-5 Year Olds)

Hello everyone! Happy March! To recap the month of February, we talked about planets, celebrated Friendship day with special treats, made our own quilt and discussed items that are red.

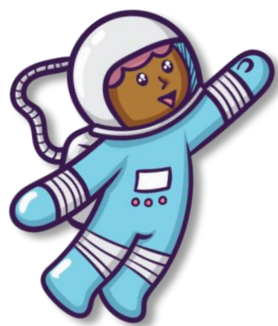

For the month of March, we will be discussing the topics of shapes, transportation, introducing spring to the students, since the first day of spring is 03-20-21. We will be planting flowers, making umbrellas, and having a spring celebration with special treats at the end of the month. It should be a great month!

THE EXPLORERS (3-4 Year Olds)

February was a great month! It was all about love and Friendship. The Explorers learned about emotions and the heart shape. We also talked about Winter and worked on recognizing Letters, Numbers, and Colors. We used a lot of sensory activities such as Sparkly white sand in the sensory table, as well as shaving cream to create the snow, cotton balls, and actual Snow. Students also had the opportunity to create lots of fun crafts in the class.

For the month of March, we will talk about Saint Patrick Day and Easter. We are going to do some projects to create our Bulletin boards. The children will continue learning to recognize and write letters of the alphabet, we will Focus on the letter "Ee. We will also continue reviewing our bilingual lessons, such as colors, numbers, and days of the week using different types of learning. Finally, I want to welcome our new students in our classroom. Hailey, Melanie, Emilia, Anna, Jordi and Landon.

BUTTERFLIES (3 Year Olds)

Hello Families!

My name is Ms. Nataly and I will be working in the Butterflies classroom! I am super excited and thrilled to meet every single of you and learn more about each child in the Butterflies class. In the first weeks of February, I had the chance to meet a few of you and I cannot wait to keep in communication with you guys to help our children to receive a quality education and have plenty of fun while doing so. Therefore, this past week we have been working with our children on letter recognition and how to write the first three letters of the alphabet! We have also focused on recognizing shapes and numbers! With all this in mind, we are hoping for our children to be more aware in recognizing and writing the first 5 letters of the alphabet by the end of this month! But let us not forget about the celebration of Friendship Day! We are very thankful for all the goodies that were brought in for our children to enjoy! We had so much fun and talked about the importance of being kind to each other!

For the month of March, children will be motivated and challenged to recognize the rest of the alphabet and to become familiar with the weather as it keeps changing; this will be the perfect time to introduce the different seasons of the year! I cannot wait to talk to you guys soon and to work with our children to help them reach new goals! If you have any questions, please feel free to email me at nataly@toddlertownchicago.com or you can also call our Butterfly class extension 23!

Thank you in advance for your collaboration!

TOUCANS (2 Year Olds)

Hello Families!

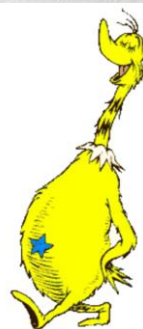

For the month of February, we said some goodbye and hellos! We were sad to see Ms. Areli and Ms. Selena go but we wish them the best of luck! But we got to welcome a new teacher, Ms. Fatima! She is wonderful and getting to know our Toucans as well as how to coordinate a few things in the classroom. We had a great month of learning in the transition. The toucans studied their colors and shapes as well learning about love during Friendship Day.

For the month of March, the students will be learning about some fun new themes. The children will learn about spring, plants, and animals. We will also have some fun themes associated with these lessons like exploring animals as well as a rain experiment. We will still be reviewing our basic concepts like ABCs, Numbers, colors, and shapes.

Parents: All staff members are working with Ms. Fatima about the school as well as daily routines. Please be patient and we will be up and running in no time.

Thank you,
Mrs. Megan
