Return on Relationships Keynote

Based on *New York Times*, *Wall Street Journal* & *USA Today* best-selling book, *It's Not Just Who You Know*

Tommy Spaulding inspires audiences and teaches them how to achieve unprecedented professional and personal success by forming deeper, more authentic relationships with customers, employees, clients, and other key stake-holders.

Tommy's career has been built on valuable and authentic relationships. More than a networking expert, Tommy has led international organizations and forged bonds with leaders that are far more than "business card" deep.

While tough economists talk only of return on investment (ROI). Tommy contends that "return on relationships," or ROR, is the currency we should focus on rather than solely ROI. By focusing on building meaningful relationships, bottom line goals can be achieved. Spaulding demonstrates how investing unselfishly in the lives of others is the most important thing we can do for ourselves and our organizations

As a leading entrepreneur, Spaulding has the keen ability to relate each of his experiences and teaching topics to meeting and event participants. Tommy teaches your audience how to break the transactional nature of business and build an organizational culture that's based on authentic relationships.
