

2019-2020 After School Enrichment Programs at The Academy of Arts and Knowledge

Mad Science enrichment programs transform laboratory science and STEM into fun, interactive learning experiences for children grades K-5! Our spectacular demonstrations, hands-on activities, and engaging discussions make learning about science fun for kids! Our programs are taught by friendly, engaging and highly-trained staff members who are passionate about sharing their love of science, and every class includes a fun take-home project for students to continue their scientific explorations at home! **Spark Imaginative Learning This School Year!**

Program Information

Class Day: Wednesdays

Class Time: 3:45-4:45PM

Program Duration: 6 Weeks

Program Dates: 1/22-2/26/2019

Price: \$89 - Save \$5 register by 1/15

Grade: K-5

Skip Dates: NONE

**Please Register Online at
Colorado.MadScience.Org**

1. Visit "After School Enrichment" on our home page
2. Select "The Schedule" and search for the name of your child's school
3. Click "Select" next to the program you would like to register for
4. Create a parent account and register online! It's easy and takes about 5 minutes!

Coming Winter 2020: **M³: Magic, Mysteries, Movies!**

Have you ever wondered how magicians pull rabbits from their hats? Or how some of your favorite movies were made? This innovative after school program from Mad Science will help students uncover the inner workings of some of their favorite things -- including toys, optical illusions, magic tricks and more! Discover why a compass always points North and learn how prisms refract white light to create rainbows -- without rain! Create your own Curious Cube and master the Chinese yo-yo. Students will be encouraged to make thoughtful connections between the scientific concepts presented in-class and their everyday lives. Remember, it isn't magic -- it's science!
