---

April 1, 2020

Dear AAK Families-

Today, Colorado Gov. Jared Polis announced that schools will remain closed through at least April 30, 2020. We have been amazed at the resilience of our AAK families up until this point and we are positive that we will get through this together as a community. We sincerely miss our students, staff, and families and wish we could be together sooner, but we support state and local efforts to keep people as safe and healthy as possible.

Our current plans remain in place during the extension, with teachers and students engaging in remote learning as they have been.

As a school, we will continue to provide devices to our families that need one, as well as our meal pick up and deliveries. Please let us know of any obstacles you are encountering as a family, and any way we can support you and your children. We are truly impressed with our students and staff as we rolled out remote learning in these unprecedented times, and plan to continue this dedication while we remain closed.

We are so proud of our AAK community, and we appreciate all that you are doing to support each other during this time. Thank you for being such a strong partner in your child's education.

Thank you,

Academy of Arts & Knowledge
