Telemedicine Stethoscope and Software Pricing

Thank you for your interest in the RNK Products PCP line of digital telemedicine stethoscopes and companion software products. <http://www.usbsteth.com>

Our company, MobilDrTech, Inc. is an authorized Value Added Reseller (VAR) for the stethoscopes and a service provider for the PCP-SSP software and sSOIP Auscultation Anywhere cloud solution for FDA approved, over the internet stethoscope use in telemedicine projects.

We understand that you are already familiar with these outstanding products and are seeking pricing information for your telemedicine program or projects. Pricing as of May, 2016 is:

- | | |
|------------------------------------------------------------------------------------------------------------------------------------------|-------|
| • PCP-1 Stethoscope Chest Piece (Mic Port Connection to PC) | \$399 |
| • PCP-USB Stethoscope Chest Piece (USB Port Connection to PC) | \$489 |
| • USB Echo Cancelling Headphones | \$49 |
| • sSOIP Software Perpetual Use License – Physician Site | \$225 |
| • sSOIP Software Perpetual Use License – Patient Site | \$225 |
| • Stethoscope User Database Service Fee w/ Annual Auto Renew - Patient Site | \$125 |
| • PCP-SSP Software Perpetual Use License – Patient Site
(Integrates with and transmits signal through video conference audio channel) | \$165 |

Thank you again for your interest and we look forward to assisting with your projects. Please contact us at support@mobildrtech.com or at 281-340-2013 with your stethoscope requirements.
