BOX MOBILE

Boxmobile is the easy way to shade large open spaces of up to 460 square feet. The free-standing awning system is especially suitable for swimming pool areas, outdoor restaurant patios, event protection, and many other uses.

Boxmobile consists of a solid steel post set on which two full cassette box awnings are mounted.

Each system can operate individually or in tandem and additional units can be linked together for larger spaces. The full cassette on each awning offers full fabric protection and system stability is guaranteed with floor sleeves or concrete sockets.

BOXMOBILE WITH FLOOR SLEEVES
