

# WEST CANYON RANCH

## ELK HUNTING PACKING LIST

After booking a guided elk hunt on a private hunting ranch, you might think you finished your work up until the day you leave. However, there are a few things you will need to do in preparation for your elk hunt, including packing the right gear. Getting your hunting gear together can take some time, too. Whether you already have a go-to hunting pack or are putting one together from scratch, you must have all you need ready to go long before you set out on your hunt.

### THE PACKING LIST

Here's what you'll want to pack to make your elk hunt the best experience possible.
