

RESIDENTIAL ELECTRIC REBATE APPLICATION

High-efficiency heating, ventilation, and cooling (HVAC) equipment can save up to 30 percent more energy than inefficient older models.* Con Edison residential customers can receive rebates of up to \$400 for installing qualified equipment.

- Purchase and install qualified equipment between January 1, 2012 and December 31, 2015. Refer to the program eligibility requirements and other terms and conditions below.
- Complete and sign this rebate application. First and last name must match the name on your Con Edison account.
- Mail this application with a copy of manufacturer's specification sheet and a paid invoice from your contractor that indicates the equipment type, make, model, price, serial number, and the date of purchase, to:

Con Edison Residential Energy Efficiency Program — HVAC, c/o Honeywell, 145 Route 46 West, Wayne, NJ 07470

Con Edison, Honeywell, or their designee makes no promise, warranty or representation regarding any work performed by a contractor. Con Edison shall not be responsible for the work or for the failure by a contractor to perform any work.

Eligibility Requirements and Other Terms and Conditions

1. Rebates are offered to Con Edison residential electric customers with service addresses that have one-to-four dwelling units regardless of their energy supplier.
2. Rebate applications must be completed, signed, and mailed to Honeywell, together with a copy of manufacturer's specification sheet and a paid invoice from your contractor that indicates the equipment type, make, model, price, serial number, and the date of purchase. Applications must be postmarked by January 16, 2016. Neither Con Edison, Honeywell, nor their designee shall be responsible for lost, late, illegible, or misdirected mail.
3. Electric equipment must be purchased and installed between January 1, 2012 and December 31, 2015, to be eligible.
4. Customer is not eligible to receive financial incentives and/or rebates for the same eligible measure from NYSERDA and/or another electric or gas utility company.
5. Eligible equipment must be installed by a licensed contractor meeting all New York State and local municipality requirements and such equipment must meet the efficiency level set forth within the rebate application. The eligible high-efficiency equipment must be installed in accordance with applicable codes and standards, including the proper sizing of high-efficiency equipment.
6. All work to be performed by or on behalf of a customer applying for the rebate must be in compliance with all applicable federal, state, and local laws; rules and regulations (including laws requiring the employment of licensed persons to perform such work); and all Con Edison requirements for electric and gas service, where applicable.
7. Con Edison, Honeywell, or their designee may conduct a final inspection after all work has been completed and all necessary documentation has been received. If it is determined that you are eligible for the rebate, please allow six to eight weeks after inspection or receipt of documentation for payment of the rebate. Rebate will be paid directly to the Con Edison account holder.
8. Customer agrees and consents to Con Edison providing customer information, including but not limited to customer name, account number, electric consumption data, and electric energy savings to its third-party evaluation contractor for program evaluation purposes. The evaluation contractor is obligated to Con Edison to keep the customer information confidential. This information may also be provided by Con Edison to the New York State Public Service Commission. This information will be aggregated with information about other Con Edison customers.
9. Customer shall be responsible for all taxes that may be imposed with respect to the rebate offer. Customer may want to consult a tax adviser about any tax consequences of this offer.
10. Eligibility for the electric rebates shall be determined by Con Edison, at its sole discretion and has no obligation to notify customer in the event Con Edison, Honeywell or its designee, determines the customer is not eligible for an electric rebate.
11. Con Edison reserves the right to amend or terminate this rebate offer.
