

PRIMARY BENEFITS OF NUTRAMETRIX TLS ACTS:

- Impacts hormones affected by stress
- May help reduce occasional fatigue associated with stress
- May help to minimize certain stress-related issues (weight gain, difficulty sleeping, etc.)
- Helps to reduce stress placed on the adrenals to perform, thereby helping to decrease the possibility of adrenal fatigue
- May help to maintain normal thyroid function
- Helps to promote healthy levels of cortisol
- Helps maintain healthy levels of both serotonin and dopamine
- Helps enhance and stabilize mood
- Promotes relaxation without drowsiness
- Supports improved mental clarity

What Makes nutraMetrix TLS® ACTS Unique?

When you're battling adrenal fatigue, it is difficult to lose weight for several reasons. Not only are you exhausted and lack the physical energy to exercise the way that you used to, but those suffering with adrenal fatigue also crave high fat sweets and salty foods, turning to food as a way to comfort them and aid in assisting their exhausted adrenal glands. The combination of being sedentary, having no energy, and eating chips and cookies makes it seemingly impossible to lose weight, but there is hope, and it can be done without worsening your already delicate state of health, and without feeling famished. †

nutraMetrix TLS ACTS Adrenal, Cortisol, Thyroid & Stress Support Formula, specially formulated with Holy basil and Ashwagandha, works specifically to promote healthy adrenal gland function, cortisol levels and thyroid function to help control stress levels and minimize weight gain that is associated with increased stress. Unlike the competitors, nutraMetrix TLS ACTS doesn't just mask the problem of weight gain – it addresses the root of the problem by helping your body adapt to stress and assisting you with your weight management goals. †

What other nutritional supplements could augment the biological effects of this product?

nutraMetrix Isotonix® B-Complex and nutraMetrix Isotonix® Multivitamin.

Additional benefits of nutraMetrix TLS ACTS:

- ✓ **Gluten Free** – the finished product contains no detectable glute
