PRIMARY BENEFITS OF NUTRAMETRIX TLS CORE FAT & CARB INHIBITOR:

- Supports leptin sensitivity, which may help manage hunger and break down fatty acids for energy in your body's cells (lipolysis)
- May help promote appetite suppression
- May promote a feeling of fullness
- Assists in weight loss
- Helps inhibit carbohydrate absorption in the body
- Helps maintain normal blood sugar levels
- Promotes normal insulin activity in the body
- Helps maintain normal cholesterol levels in the body

What Makes nutraMetrix TLS® Core?

Leptin is the hormone that tells our brain when to eat, how much to eat and – most importantly – when to stop eating. Leptin is secreted by fat; the more fat, the more leptin. As someone gains weight, the body tries to maintain the status quo, but the baseline has moved higher. After the body adjusts to a heavier, new status quo, it's hard to slim down again.

nutraMetrix TLS CORE was created to deal specifically with the weight management issues related to leptin sensitivity. nutraMetrix TLS CORE, one of the few products on the market to deal with this issue, works in three specific ways. First, it may help with appetite suppression with the help of LeptiCore®, a clinically-proven, patent-pending all-natural ingredient designed specifically to promote healthy weight management. †

Next, nutraMetrix TLS CORE inhibits the amount of starchy carbohydrates being absorbed by the body. These carbohydrates can elevate blood sugar levels, increasing insulin. This can cause the body to store additional fat, triggering leptin, causing you to eat and overconsume. Finally, nutraMetrix TLS CORE helps to stop the body from converting excess carbohydrates into fat. †

By supporting a normal response to leptin and helping to inhibit the body's absorption of carbohydrates, you can finally get the support you need to keep off the weight. nutraMetrix CORE, in combination with the nutraMetrix TLS® Weight Loss Solution, will help you lose weight and feel great!

Additional benefits of nutraMetrix TLS Core:

- ✓ **Gluten Free** – the finished product contains no detectable gluten
- ✓ **Vegetarian** – nutraMetrix TLS Core is a vegetarian product

Supplement Facts		
Serving Size: 2 Tablets
