

PRIMARY BENEFITS OF NUTRAMETRIX ISOTONIX OPC-3:

- Combats free radicals
- Demonstrates anti-inflammatory activity
- Helps maintain healthy cholesterol levels
- Helps maintain healthy circulation by strengthening capillaries, arteries and veins
- Helps maintain joint flexibility
- Helps promote/support cardiovascular health
- Helps reduce mild menstrual cramping and abdominal pain
- Helps support visual health/visual acuity
- Promotes/Supports healthy blood vessel dilation
- Promotes/Supports healthy nitric oxide levels
- Supports a healthy complexion
- Supports healthy blood glucose levels
- Supports healthy platelet activity
- Supports healthy sperm quality

What makes nutraMetrix Isotonix OPC-3 Unique?

A free radical is an atomic structure with an unpaired electron in its outermost shell. These unpaired electrons tend to be highly reactive, resulting in chemical reactions such as oxidation. Because they have one or more unpaired electrons, free radicals are highly unstable. They scavenge the body to grab or donate electrons, causing damage to cells, proteins and DNA. Free radicals are naturally occurring; however, air pollution, stress, smoking, heavy exercising and aging all contribute to the creation of harmful free radicals. Free radicals can cause oxidative damage to the body, potentially leading to serious health problems. Normally the body is able to protect itself from the damaging effects of free radicals, but if antioxidants are unavailable, or if free radical production becomes excessive, damage can occur.

nutraMetrix Isotonix OPC-3® is an isotonic-capable food supplement that is made from a combination of bilberry, grape seed, red wine, pine bark extracts and citrus extract bioflavonoids, all found to be potent antioxidants. Oligomeric proanthocyanidins (OPCs) are bioflavonoids (complex organic plant compounds) found in fruits, vegetables and certain tree barks that provide exceptional nutritional benefits to the human body. Studies have shown OPCs to be up to 20 times more powerful than vitamin C and 50 times more powerful than vitamin E in neutralizing free radicals. Isotonix OPC-3 contains the only isotonic form of Pycnogenol® in the world.

Pycnogenol is a natural plant extract from the bark of the French maritime pine tree, and the most clinically researched and potent bioflavonoid. †

Additional Benefits of nutraMetrix Isotonix OPC-3:

- ✓ **Gluten-Free** - The finished product contains no detectable gluten
- ✓ **No Detectable GMO** - the finished product contains no detectable genetically modified organisms
- ✓ **Vegetarian** - nutraMetrix Isotonix OPC-3 is a vegetarian product
- ✓ **Isotonic** - Drinkable Supplements easy-to-swallow supplements in liquid form are immediately available to the body for absorption.

Supplement Facts		
Serving Size: 1 Capful (3.3 g)		
Servings Per Container: 90		
	Amount Per Serving	% Daily Value*
Calories	10

Other ingredients: Fructose, glucose, citric acid, maltodextrin, silica, calcium sulfate, food starch (modified) and pectin.

Directions for use: Pour 1 level, white bottle capful of powder into the overcap. Add water to the line on the overcap (2 fl. oz./60 mL) and stir. As a dietary supplement, take once daily or as directed by your healthcare provider. Take 2 capfuls per 150 pounds of body weight daily for the first 7–10 days, and take 1 capful thereafter as a maintenance program. Maximum absorption occurs when taken on an empty stomach. This product is isotonic only if the specified amounts of powder and water are used.

WARNING: If you are currently using prescription drugs, have an ongoing medical condition, or if you are pregnant or breastfeeding, consult your healthcare provider before using this product.

This vegetarian product contains no added wheat, soy, yeast, gluten, artificial flavor, salt, preservatives or milk.

KEEP OUT OF THE REACH OF CHILDREN. Store in a cool, dry place. Do not use if safety seal is broken or missing.
