What Makes nutraMetrix TLS® Trim Café Unique?

In your quest for lasting weight loss, find your slim with nutraMetrix TLS® trim café, a dietary supplement. When used in conjunction with a regular exercise routine and balanced diet, trim café may promote an effective, multi-layered method to weight loss. trim café contains Columbian Arabica Coffee powder and WellTrim® iG (Irvingia Gabonensis/African Mango). With WellTrim® iG, trim café provides three main mechanisms of action to promote healthy weight loss: fullness, appetite control and metabolic balance. †

Patented WellTrim® iG, is a clinically tested African Mango seed extract designed to support healthy weight loss and metabolic wellness. Based on clinical study results, Welltrim® iG has successfully helped reduce body weight, body fat, and waist circumference over time. It has also been shown in research studies to target the body in terms of satiety, metabolism, fat burning, fat production, and helping to maintain blood sugar balance. †

In the wide world of dietary supplements, nutraMetrix TLS® trim café stacks up and can help support you on your weight loss journey. Simply pour our easy-to-use stick packs into a cup of hot water, stir and sip. † If you prefer your trim café cold, pour over ice.

Can I add a sweetener or milk?

If you'd like the product sweeter, try using a small amount of honey or Stevia™. Adding spices like cinnamon, nutmeg, cocoa powder or cardamom can also add flavor. If milk or cream is a necessity, non-fat milk, almond milk or rice milk are great lower calorie alternatives.

Is trim café caffeinated?

Yes. The caffeine content of trim café per serving is equivalent to one cup of regularly brewed coffee.

Additional benefits of nutraMetrix TLS Trim Café:

- ✓ **Gluten Free** – the finished product contains no detectable gluten
- ✓ **Drinkable Supplements** – easy-to-swallow supplements in liquid form are immediately available
